COMMENTS - Current Meeting:

Read and Officer Rene Robichaud from Thomas J. O'Connor (TJO), gave a report stated, in December a dog resided at 58 Daviston St on the first floor, owned by Richard Pitman escaped the yard and attacked a small Chihuahua, named Theodore. The attacked was fatal to the dog Theodore.

Complainant

Robert Brandon Mitchell, stated he was walking his dog around the block on Daviston St toward East on Summer Ave. As he turned the corner onto Daviston St, about 100 ft, his dog was attacked. The pit bull dog came out and grab hold of his dog. He had to put the dog in a chokehold to get hold of his dog (Theodore), the pit bull final let go of his dog (Theodore) and he tried to revived his dog. He called the Police and they responded. He called his mother, the pit bull was not on a leash.

Norma Bate- Mitchell stated, her son called her and told her their dog (Theodore) was attacked and killed, she told her son to stand with her in front of their house, which is next door to 58 Daviston St. They waited about 15 minutes for the police, the first patrol car arrives, the home owner did not answer, the second patrol car arrives and all four (4) Police Officer knocked on the door and the owner answered the door. The officer spoke to the owner, then to her. The officer told her there was nothing they could do because it a first bite

Respondent

Communication: March 13 - 2024 (Approval of Minutes)

Richard Pittman stated that he usually chained up his dog in the front of the yard, but from past incidences he has been noticing that he has to keep going outside and he would have to yelled, pull your dog along or get your dog. He started to chained his dog in the back yard. He dose not think the spring went up to where the chain is put on, it did not locked all the way and can say his dog Malikai, got loosed. He did not know what had happened until the Police Officer knocked oh his door and told him that his dog just killed a dog.

Ashaneek Steves, witness for the respondent stated the dog does barked and chained. They have told Norma husband several times to come and get their dog Theodore, their dog Theodore has been loosed several times and ran in their yard. She is not making any excuses for their dog Malikai, but their dog Malikai was agitated with Norma dog Theodore on several occasions. She does agreed with Norma as for as keeping the dog vaccinated and chained, and they are sorry.

Rebuttal

Norma Barte- Mitchell stated that on the December 22 2023 the dog was loosed. The dog at times is tided up in the front yard with a chain and a rope in the ground. The dog is viciously barking at her and her granddaughter. She will not allowed her granddaughter in the driveway, she left them off in the front of the house because she don't know what the dog is going to do or if the chain is going to break.

After the 22nd of December, 2023 the dogs are rarely seen in the front, she has sent three (3) videos of the three (3) dogs loosed, they are not on a leash and running around in the yard and this is after her dog (Theodore) was killed.

She is asking the city to recognized that the dog killed her dog (Theodore), the city to fully inspect the dogs at that residence to make sure they are licensed, vaccinated, and that they have all the required paper works and are contained in an area.

Also that the pet owner be mandated to obtained an one hundred thousand liability insurance to ensure, if it get loose again the community, pet owners can take appropriate actions appropriately.

Norma stated she did not get an apology or recognition that her dog was killed, it was not until today.

Richard Pittman stated the other dog Norma stated was loosed is not the same dog, he does not let that dog (Malikai) loose. The only thing the dog(Malikai) does is used the bathroom and go back inside the house, since that accident.

Board Johns asked if the dog was up to date with it shots and neutered.

Officer Robichaud say there is no record of the dog registered in the city.

Board Johns stated they have the dog over five years and never registered the dog.

Board Johns asked Officer Robichaud, from TJO what are her recommendation(s).

Officer Robichaud says she recommend the dog to be deemed dangerous and whatever the board determines. If the yard is not fully fenced, they can't risked him(Malikai) getting loose.

Board Edwards says there is lot more to deeming a dog dangerous and at the proper time he will make a motion to deem the dog (Malikai) as dangerous.

Board Nelson Campbell asked Board Fleming if he had any thought(s) or commend(s)

Board Flemings says he just want to know if the dog was loose when the attacked happen

Board Nelson Campbell asked Board Landry if he had any thoughts or commend(s)

Board Landry says she agreed the dog should be deem dangerous. She don't believe euthanasia at this point, but strongly suggested muzzling, tethering.

Board Johns stated that the dog need to be euthanize, the dog killed another animal and at one point that was the go to, if there was a animal that was killed, that roped the law as for as the dog needs to be euthanize. That would be her recommendation

2. **Dangerous Dog Hearing for Dog Names Spencer at 64 Senator St Owned by Nadia Butal & Nasser Harb**

COMMENTS - Current Meeting:

Read and Attorney Shewchuk read the City of Springfield Ordinance for dangerous dog.

Officer Renee Robichaud from Thomas J. O'Connor (TJO), stated on March 25th 2024, they received a called from the Springfield Police Department regarding a dog attack, dog verses dog. Mr. Diaz was taking his dog, Luna and his trash out. Spencer, owned by Mrs. Butal and Mr. Harb, got loose and attacked Ivan's dog Luna, biting Luna multiply times and physically shaking the dog. Ultimately the dog (Luna) was euthanized at the emergency hospital that evening.

Complainant

Ivan Diaz stated he was doing his routine, he was bringing out his trash barrel with his dog. He was putting down the trash barrel, when two(2) dogs came rushing. By the time he let the trash barrel go and looked. The dogs grabbed, yanked and throwing up his dog Luna. Luna had holes every where from the attack. Mr. Diaz was escorted to West Springfield by the police to try to save his dog. The doctor said there was nothing they can do. His dog passed away. Luna was another family member.

Atty Shewchuk asked how can he identify the dog owner.

Mr. Diaz said this is the first time he saw them.

Atty Shewchuk thanked Mr. Diaz, and said he just want it to be on the record that we are talking about the right dog.

Respondent

Nadia Butal & Nasser Harb said she is sorry for what happened. She said her Spencer is not dangerous. Spencer is sweet and she raised Spencer from a baby. She knows Spencer, this is the first time in two years Spencer skipped the gate. She didn't know what had happened. If she knew Mr. Diaz's address, she would have reached out to him. She doesn't know what happened. She knows her Spencer. Spencer cannot damage anything. Spencer plays with the kids and small dogs. What happened, she don't know. Spencer is vaccinated. Registered and micro chipped.

Mr. Harb said he is really sorry for what happened to Mr. Diaz's dog. If it was him, he would be angry too. Losing a pet is like losing a part of the family. Their dogs are a part of their family. He wanted to reach out and give their condolence. But, he didn't know if it was ok or not. He didn't want to go to Mr. Diaz's house and make him feel uncomfortable in any way. Spencer plays with other dogs, small and big. None of this has ever happened before. He dosen't know what happened. Why Spencer attacked Luna? Spencer is a gentle giant. There is nothing they can say to bring Luna back.

Rebuttal

Mr. Diaz said they can say they know their dog, just like he knew his dog, Luna. But, on that day something happened. It's a hard situation for him and his family. It's not fair.

Mr. Harb said he knows it's not fair, but his dog is a part of their family as well. He wished there was something he can do.

Board Nelson Campbell asked Mr. Diaz if the dog was on a leash.

Mr. Diaz said no.

Officer Robichaud said the attack happened on Mr. Diaz's property.

Board Nelson Campbell thanked Mr. Diaz and Officer Robichaud.

Board Member Edwards made a motion to deem the dog as dangerous and was seconded by Board Member Johns.

Thomas Perez said normally when he gets out of work the first thing he does is let his dog out of his kennel and play catch with him. It's a small private way, it says danger, private way. He saw Ms. Graziano walking up the hill as he's playing fetch with his dog, she looked to be afraid. Harley started to approach Ms. Graziano. Harley is a friendly dog. Mr. Perez ran over to his dog and said Harley come back, come back. As Harley approached Ms. Graziano, she turned very quickly and Harley jumped on her back. Harley did not bite Ms. Graziano, it was Harley's claws that hit her feet. He grabbed Harley, said he was sorry to Ms. Graziano and put Harley in his kennel. He sat there and waited for the Police and Animal Control to come his house, he invited them in, spoke with them and showed them the records for Harley.

Rebuttal

Ms. Graziano said she had the puncture wounds as the proof. Mr. Perez watched his dog bite and attack her.

Mr. Perez said when Harley made contact with Ms. Graziano, he grabbed Harley and put him in his kennel.

Officer Robichaud asked Mr. Perez if the city provides services for that private way or does he own it.

Board Member Edwards explained the meaning of private way. He stated that a private way does not mean you own the street, it simply means the street is not paved. The contractor didn't spend the money to pave the street when they finished building the houses.

Officer Robichaud asked Mr. Perez how tall is the kennel.

Mr. Perez said it six (6) feet.

Officer Robichaud asked if the kennel is cement based.

Mr. Perez said he is in the process of getting it done.

4. Dangerous Dog Hearing for Five (5) Dogs at 101 Quincy St Owned by Kimberly Toote

COMMENTS - Current Meeting:

Read and Officer Renee Robichaud from Thomas J. O'Connor (TJO), stated on March 30th, 2024 TJO received a call from Ms. Reid regarding multiple dogs attacking her as she was

Communication: May 2-2024 (Approval of Minutes)

entering her home with her small son. Two (2) dogs jumped on her causing scratches and abrasions, Ms. Reid went to the Hospital for medical treatments. Ms. Reid call the Police Department after returning from the Hospital. TJO Officers contacted the owner and it turns out there are at least five (5) dogs at the resident which is over the limit for the city. All five (5) dogs were placed on quarantine. It appears that none of the dogs are spayed or neutered. The city has a limit for intact animals of three (3) or if they are spayed or neutered the limit would be four (4), otherwise a kennel license would need to be acquired. This property would not meet the requirements for a kennel license within the city.

Complainant

Shadel Reid said it was little after eleven in the morning (11:00 A.M) her and two children returned home. She walked up the stairs as she was heading to the inside door when Kimberly dog came running from the back yard. The biggest dog jumped on her, she tried to shield her four (4) year old. Her and her son was pushed up against the screen door, she hovered over her son the dogs were behind her scratching her. Shadel contacted her grandma, who then contacted the Police Department and TJO. Shadel's major concerns is when she reached out to Kimberly there was no remorse, empathy or nothing. The only way she was able to get the dog off of her is when her fourteen (14) year old son pushed through the screen door, once the door opened she swung her four (4) year old inside the house and still being scratched and clawed. There is no dog sign up, she saw Kimberly on her camera saying to their neighbor sorry I know I am supposed to put up the dog sign, but I didn't put it up. Shadel said Kimberly blamed her autistic son for letting out all five (5) dogs. Shadel said from her understanding, kimberly was told the big dog has to leave, two (2) of the five (5) dogs has to leave and the dogs could not be off a leash if they are outside. On April 1st, her camera caught all five (5) of her dogs outside off leash with her husband. Shadel said her son is petrified of going outside because of to the dogs, he is scared. Shadel said Kimberly son threaten to kill her, and said he will crash out for his dog.

Respondent

Kimberly Toote said she was at work when Shadel texted her. She has the text message Shadel sent her, stating she was attacked by the dog and that she was going to the hospital. She didn't know what to say. Kimberly husband, John Serru says the reason why they have five (5) dogs is because when they bought the house, at the closing it says the property would be fully empty. Mr. Serru says their son was supposed to go downstairs with his two (2) dogs. Kimberly says they already got rid of one dog. Mr Serru says the reason why they didn't have the records was because they were in a bad move and was living in a a hotel for a month and a half. Kimberly says Polie and Silver are going to get their shots and get neuter. She spoke to TJO and she's in compliance with them. Mr. Serru said the reason why the dogs was out is because he goes to work at 4:00 in the morning and he let the dogs out before he goes to work every morning, it's routine for the dogs.

Rebuttal

Shadel Reid said she understand the dog is in a routine, but the dogs were outside off leash. Kimberly was not abiding by what TJO said. It was King that attacked her and she had open abrasions.

Kimberly said Meeko and King are vaccinated. Her dogs jumped on people when they get excited. Kimberly said she did sign up for King and Polie to get fixed.

Atty Shewchuk asked if all the dogs will be fixed.

Kimberly said TJO told her she can keep the four(4) dogs as long as they are fixed

Mr. Serru said he working on getting a fence in the back.

Officer Robichaud asked if silver is spayed

Kimberly said no, he's getting spayed.

RE: Identification of two tenants with potentially dangerous dogs.

Mr. Bonner:

The Thomas J. O'Conner Animal Control and Adoption Center has received a request for dangerous dog hearings based on observations that two separate pit bulls have been roaming the area of the *Your Educational Success Academy* located on School Street. Witnesses have placed both dogs as living at your apartment complex located at 90 High Street. Furthermore, there has been a report of a child bitten by a dog in the area.

Attached hereto please find two pictures of two pit bulls and their owners. If they are tenants of yours, please contact me via telephone or email with their name and apartment number. Please be advised Massachusetts caselaw has found landlords can be found responsible for the actions of their tenant's dogs. Factors include: whether the dog has dangerous propensities, and whether the landlord had notice that their tenant was keeping a dangerous dog. Please allow this correspondence to serve as notice that two of your tenants (pictures attached) have a potentially dangerous dogs living at your apartment complex.

Thank you for your attention to, and anticipated cooperation on this important matter. If you have any questions or concerns, please feel free to contact me.

Sincerely,

Robert P. Shewchuk, Esq.

Per Robert's suggestion, I requested that I Ashley allow me to amend the request date so I have attached the updated DDH request. Please make sure this hearing makes the June 26 date.

Renee,

This is Ashley Brennan. First, I do want to say I've exhausted all my options. I have called the animal control main number multiple times which is why I am now reaching out to you. I have been dealing with this dog for 8 months now maybe longer. I made 4 calls (2 to 911) and twice for animal control for thier before I even got mine. I have videos of everything because ADT is my camera system. When I had called those times, I had a lot of scrapewood in my yard from moving so the animal control lady and myself blocked the fence holes thier dog destroyed. It didn't last as the fence is completely fallen down 6 months ago and if it wasn't for me putting 100lbs of leaves and my scrapewood up to block THEIR DOG from breaking through THEIR FENCE, it wouldn't even be held up period. Again, the dog pushes the wood down and gets through the fence because it is NEVER LEASHED OR ON A LINE. she has personally told me "my dog doesn't do lines" (not sure what dog does like then but it's called being responsible. I'm stressed out over this and it's causing my medical issues to worsen. Noone can step foot outside my backdoor AT ANY TIME ANY DAY without that dog viciously trying to bite and break the fence. I can't have people over, I can't have my own dog use her backyard in any fashion whether it be to use the bathroom or play etc, it doesn't matter. At the very least it's harrasment. I've now called in the past 6 months animal control (the number you told me to call in your voicemail) another 5 to 6 times over this dog. They've done absolutely nothing. If my dog uses our backyard I have to watch her and walk with her at all times because of this dog. I can't do yardwork I mean nothing. I cannot stress more how out of control this issue has become. It's so unfair to my family, my son, my dog, and my property that I pay \$2300 a month just on a mortgage for a yard I cannot use. If it eas the other way around I would've handled that fence asap, or bought a 15 dollar line. My dog is a friendly puppy but is on a line and shooed inside approximately 18 times a day because I can't handle being outside. Thier kids jump on a trampoline directly on the other side of this fence. I can't go 50 yards near the fence. Thier dog barges through the fence and chased my 12 tear old son and myself (on another occasion) to my back steps and back door. My dog has never even been near their backyard let alone that close to thier door. My dog doesnt even bark, like at all, thiers doesnt stop. My dog isnt viciously trying to bite thier kids hence they dont feel any fear playing everyday but

my don does. My dog isnt breaking the fence to attack thier dog, but thiers is trying several times a day to get mine. My dog isn't pooping and peeing in thier yard for them to pick up, but thiers is. They should be held accountable to at the very least restrain thier dog. It's thier fence, and they know it. I had the property appraised when I bought the home in August of 2023. If that dog bites my son or my puppy I'm suing them. We had an argument a few weeks back and then this past week I spoke with the owner for over an hour. I have some of that recorded as well. She states "I told my man, if it bites one of y'all oh well let em take the dog". I don't think she understands that's the least of what will happen if my family gets bitten. I'm 100% disabled Combat veteran with a heary and siezure condition. I deployed to Iraq twice and have to be on guard on my own property all day long. If it bites me I'm already disabled so it's not going to be good. It nearly got my dog on Saturday. If it gets my dog around her throat that's it she is done. My dog hasn't been in any type of aggressive fight or anything yet, she would be so submissive if it got attacked. All I'm asking is for animal control to make them responsible for either fixing thier fence or tear it down I don't care but they need to be held responsible for keeping their dog away from my dog and property. After I spoke with her I thought we would be able to come to some sort of civil agreement and her "man" came over on Sunday and asked to go in my backyard to repair some of the fence. I said sure and even offered to help. Mind you he has built garden beds and gazebos in the past 2 weeks with all this spare wood he said he has but hasn't done one thing to block his dog from getting in my yard. He took three 2x4s and nailed them in some of the open areas his dog destroyed. It lasted 2 hours before thier dog busted through the fence panels and got in my yard. I don't think they understand I'm the only one whose made any real attempt to holding the entire thing up to create a barrier or using my wood to block it just for thier dog to push down. If it wasn't for all my leaves back there it wouldn't even be standing. I took pictures of the fence before I lifted it up and put leaves behind it to stand it up. I don't want trash in my backyard. I work VERY HARD on my yard and I'm picking thier dogs poop up. I'll send some videos I've taken just from this weekend through now. I have a ton of evidence. I'm at a loss so I'm not trying to come off rude because I'm actually very friendly but my family is at risk everyday, I'm physically having issues due to the stress this is causing me. I'm crying at night. It's just so unfair to have to live like this. I assure you if it was you or your family you'd be just as upset. Please let me know what happens now with the hearing with the videos I'll attach. But mainly, I need something to happen now with the restraining of the dog because my dog can't even use the bathroom anymore and I can't take my trash barrels in without feeling like it's going to try and run at me. So the reason I was reaching out to you is because nothing has happened in the 8 or more calls I've already made. Also, because I need something to happen today regarding it getting in my yard. Not to mention this fog is abused the owners hit it and so do the kids. I'm sure your not going to believe that but I'll put it out there anyways. Another thing is I'm also sure animal control is getting the gist of things when the knock on their door and the owners greet them and welcome them so the dog acts differently than it would if you walked in my backyard. All I'm asking is for it to leave my family and property alone.

Good Morning,

I'm reaching out regarding a Nuisance Hearing requested on June 3, 2024. The individual who dropped the form off indicated that video would be sent along, but I never received any. If we do not receive the videos time stamped after 5/4/24, we will not be able to move forward with this hearing because the last documented incident would be outside the timeframe to request a hearing.

Animal control and cops have been called several times. The dog is extremely vicious! tried attacking my puppy and me through the fence that I've been boarding for months. The dog barks non-stop, breaks the fence, got through 2 fence pieces and tried viciously biting my puppy and myself. The owners do absolutely nothing. They were given a free line from animal control and they cont over us. I let that dog viciously try and attack my family 7 times just today. Last time animal control came out, they said fill this out, and protect my family

When able can you please look into 64 California Ave? Our Officers spoke with the owner of the dog in April. The dog continues to roam the neighborhood, unleashed, without the owner. Hi,

Nothing has changed. The dog from the owner who lives at 64 California Ave was on my property today at 7:46pm (see photo below). The dog was far up my driveway, past my car. The only reason I don't have a pic is because I'm terrified of big dogs and was hiding in my garage. I can't continue to live like this. Please help! Thanks.

Brief Description of Incident: ATTACHMENT: YES / NO

my neighbor at 64 California has a "yellow" lab that keeps roaming the block without it's owner. I have witnessed it on my property several times. Once it stood on my driveway barking at me, preventing me from getting in my front door. Another time, it was on my driveway walking towards me and I ran to hide in my garage. I am terrified of big dogs. I have witnessed it pooping on my lawn and the side of my house. The owner is aware and continues to allow his dog to roam the block. He has a fenced back yard and frankly doesn't seem able to care for the poor dog. I have contacted animal control and the police department. ^(the dog) She was on my property as recent as 06/02/24. I only listed the dates I contacted the police or animal control. The dog has been on my property or roaming the street more than the times documented.

victim was insistent biting dog lives @ 373/375 Orange St. and when we orginally MC w/tenants @ 373 Orange St. who were insistent their dogs were not loose and did not bite anyone and denied owning a black/wh pit. - stated upstairs tenants have chihuahuas so not theirs either --TR

6/13/23 - MC again with tenants @ 373 Orange St. after complaint of dogs being loose today and again stating the wh/black one - tenants admitted to owning "the white one" today, again denied the dogs getting loose and stated if they run out front they get called right back in, claimed SPD broke their back fence when they busted their party recently but the dogs are not out long -- when we arrived back to shelter there was a VM from 375 Orange St. tenant that stated the dogs were brought back inside just prior to our arrival today, passed along our email to other neighbors who claimed to have photo proof of the dogs loose off their prop.

There was a F gray/wh pittie that they admitted was pregnant - the tan/wh male pittie is named "Simba"

Mrs. Maldonado 413-474-0409 claimed all dogs are current on their vax. from Spruce Hill Vet. and EDUC her about licesnses and she will try to come in on Thursady to license and ask about microchips - she claimed the puppies are all already spoken for and she is not interested in spay/neuter because she believes it makes dogs "weak" since she had issues when she previously owned 9 pit bulls and a male was fixed and started getting ear infections after his neuter.....attempted to EDUC but what we said seemed to not stick with her at all

--TR

7/1/23 - noticed that the last name was updated to "Ortiz" for P048183, - citing P048183 of 373 Orange St., Spfld for 3 dogs for unvax./unlic. since still no proof --TR

Brief Description of Incident: ATTACHMENT: YES / NO

At approximately 2030 on 05/03/2024 I was walking my dog, Hershey with my daughter on Harkness Ave when we were approaching the property of 192 Harkness Ave when I noticed a large German Shepard roaming freely on the front lawn. The German Shepard noticed us and came running toward my dog and immediately began attacking Hershey from his back. The owner (presumed) came running over and was able to release his dog after several seconds. As soon as Hershey was freed I turned around and walked him home then called SPD.

Clinical Summary for Hershey

Saturday the 4th of May 2024

Plan

Dr. Ellen Gunzel

Discharge Instructions

Hershey was presented after sustaining dog bite wounds earlier in the evening. Luckily, all of Hershey's wounds were superficial and will heal without needing sutures. We are starting Hershey on an antibiotic since even small puncture wounds from bites are prone to infection. We are also sending home a mild pain medication.

Hershey received a rabies vaccine booster today, he will need his next vaccine in one year.

Monitor all wounds for discharge, redness, swelling, or black appearing skin. A small amount of clear red-tinged discharge is normal, but should be not increasing in amount.

Medications:

- Amoxi-Clav Tablets 625mg: Give 1 tablet by mouth every 12 hours for 7 days. This is an antibiotic, give for entire course. Give with food to reduce GI side effects. Start with next meal.
- Gabapentin Capsules 400mg: Give 1 capsule by mouth every 8 hours as needed for pain. May cause mild drowsiness.

If Hershey develops signs of systemic illness such as vomiting, anorexia, profuse diarrhea, or lethargy, contact a veterinarian.

Thank you for bringing Hershey into VESH today, he is a very cute boy!!

Communication: Nuisance Dog Hearing for Two (2) Dogs at 98 Garnet St Owned by Gary Forney (Hearing Requested)

Brief Description of Incident: ATTACHMENT: YES / NO

* Photograph of handler with off leash dog emailed to responding officer

Handler has been a longstanding problem due to letting two large dogs of leash in the conservation area behind Hanson Dr. The light colored dog comes closer and shows more aggression every time I have misfortune of crossing paths with it. In addition to causing fear and knocking humans over the dogs are not prevented from interfering with varied and plentiful wildlife in the area including bear, deer, coyotes, herons, wild turkeys, and at least two endangered species of turtles. Handler is also NEVER seen collecting the waste from these two large dogs.

Michelle Bennett of 175 Hanson Dr states that on 04/22/24 at about 7:15 .M. she was walking her two dogs on their leashes at the end of Fair Oak Rd by Hanson Dr (which is a wooded conservation area) when her dogs were attacked by an unleashed aggressive yellow colored labrador retriever. This dog, along with an unleashed black labrador retriever, were being walked by an older white male. He was described as wearing a cowboy hat, a gray sweater, and did not live in the neighborhood. He had his vehicle parked at the end of Fair Oak Rd; a white sedan bearing Ma reg. 36J-420.

Ms. Bennett states that the yellow lab was vicious and was charging at her dogs with his fangs showing but finally returned to the white male after he called it back. She further states that there have been numerous complaints in the neighborhood about these unleashed dogs with the same male owner, and she herself has had other incidents with these dogs as well.

Ms. Bennett was not hurt nor were her dogs but wished to make a police report. T.J.O. responded to the scene and spoke with Ms. Bennett. The male and his dogs were already gone upon our arrival.

January 16, 2024

Dear Mr. Morales:

After a hearing held on January 9, 2024 in accordance with Chapter 110, Section 10 of the Code of the City of Springfield, 2012, as amended for a nuisance dog hearing for your dogs named Ace and Kodi was deemed Nuisance and has imposed following conditions:

The Committee imposed the following conditions on the animals:

1. That the dog be humanely restrained.
2. Your dogs must be humanely restrained with a leash and muzzled at all times when off the property owned by you. Your dogs may not be walked by anyone under the age 18. Your dogs must be confined securely in your residence or in the secure enclosure outdoors; your dogs are prohibited from roaming loose in your yard at any time and must be walked on-leash from your residence to the secure enclosure when outdoors.
3. That the owner construct, within two weeks from the date of decision, a secure enclosure to house the dog when it is in the owner's yard. The Advisory and Hearing Committee may order that, during the construction period, the dog be publicly impounded at an animal shelter or a private veterinary hospital until the secure enclosure is constructed. The effectiveness of the secure enclosure shall be subject to approval and periodic inspections by an Animal Control Officer, as deemed necessary. The fee for said inspection shall be \$75. If the owner is found violating the secure enclosure requirements, immediate public impoundment of the dog shall be done by the animal control center during the time the violation continues to exist, and the owner shall bear all cost(s) for such public impoundment. The fine for such violation shall be \$200 per day;

Any appeal of this decision may be filed in District Court in according with Chapter 140, Section 157(a) (4) (d) of the Massachusetts General Laws. Further information may be obtained from the Thomas J. O'Connor Animal Control Center, 627 Cottage Street, Springfield, Massachusetts, 413-781-1484.

Sincerely,

Gladys Oyola-Lopes

Brief Description of Incident: ATTACHMENT: YES / NO

@ 11:12 am on Saturday 3/30/2024 I exited my vehicle with my toddler (4 years old) to make entry to my front door. While trying to enter my home. Landlords dogs ran from the rear of the house ran up my steps and jumped on me from behind. While attempting to protect my child I was scratched all over my back, arms, legs buttocks before a person came from behind the house and called the dogs off of me. The biggest dog was the initial one to make contact with my person and all four of the other dogs followed suit.
