II. Discussion of land takings for the Marble Street roadway project in the South End.

Marble street exit has apartment building at the end of st and it is problematic. Housing authority owns the building and are currently relocating residents.

Ms. Sorten has been given 110 thousand for her property and is working with the City's relocation team in helping her find a new home.

10 properties are having partial land taking with the majority being behind Maplet st. No other homes will be impacted.

19 properties driveway's will be affected during construction.

Construction is set to begin in the fall. Majority of streets are dead ends making traffic very difficult so this project will alleviate congestion of traffic. Buses also have very difficult time maneuvering due current layout.

The south end community center will service everyone including afterschool programs. Majority of feedback from constituents has been positive.

There will be NO taking of park land. All property owners have been notified by mail.
