ASSISTANT SECRETARY FOR
COMMUNITY PLANNING AND DEVELOPMENT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-7000

January 17, 2012

The Honorable Domenic J. Sarno
Mayor of Springfield
36 Court St
Room 222
Springfield, MA 01103

Dear Mayor Sarno:

I am pleased to inform you of your community's Fiscal Year (FY) 2012 allocations for the Office of Community Planning and Development's (CPD) formula programs, which provide funding for housing, community and economic development activities, and assistance for low- and moderate-income persons and special populations across the country. President Obama signed Public Law 112-55 on November 18, 2011, which includes FY 2012 funding for these programs. Your community's FY 2012 available amounts are:

Community Development Block Grant (CDBG)	\$3,668,911
HOME Investment Partnerships (HOME)	\$1,193,153
Housing Opportunities for Persons with AIDS (HOPWA)	\$474,123
Emergency Solutions Grants (ESG)	\$321,965

While our budget demonstrates an ongoing commitment to the critical CDBG and HOME programs to help states and localities continue to navigate these difficult economic times, it also represents a significant cut from last year's budget. The FY 2012 budget for the CDBG formula allocation that was included in the appropriations bill adopted by Congress is approximately \$2.948 billion, a reduction from approximately \$3.302 billion in FY 2011, representing a reduction of approximately 11 percent in total available funding. The FY 2012 budget for HOME is \$1 billion, a reduction of 38 percent from approximately \$1.6 billion in FY 2011. We understand that the combined effects of new Census and American Community Survey data and budget reductions will make FY 2012 a difficult period of adjustment for many of our grantees.

In this period of adjustment, we recognize that reduced funding levels may require program restructuring and further prioritization and targeting of these limited resources at a time when communities around the country continue to face significant need. We are committed to doing everything we can to support you as you face these challenges. If you would like assistance from CPD in redesigning, prioritizing or targeting your programs, either you or the head of the agency that administers your program may request technical assistance through your local CPD Director.

Please note that the "Emergency Shelter Grants" program has changed to the "Emergency Solutions Grants" program in accordance with the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act). The change in the program's name reflects the change in the program's focus from addressing the needs of homeless people in emergency or

May 17, 2012

The Honorable Mayor Dominic J. Sarno
City of Springfield
City Hall
36 Court Street
Springfield, MA 01103

Dear Mayor Sarno:

On behalf of the Massachusetts Housing Partnership (MHP) I am pleased to announce the award of \$24,000 in grant funds to the City of Springfield to support the city's efforts to deal with distressed, foreclosed and abandoned properties. The grant will be used to fund law interns for the City of Springfield's law department, who will work with the city's code enforcement department, to promote the use of receivership and other tools to stabilize properties and bring responsible ownership back to neighborhoods.

This award is part of MHP's ongoing effort to assist the communities throughout the Commonwealth that have been hardest hit by the sub-prime mortgage crisis and the resulting disinvestment in properties. This award is made possible through funding from the Massachusetts Housing and Investment Corporation's Neighborhood Stabilization Program. Enclosed please find the funding agreement which should be signed and returned to MHP at your earliest convenience. If there are any questions concerning the agreement please contact Rita Farrell at rfarrell@mhp.net.

We recognize the outstanding work of your housing and code enforcement staff and look forward to supporting you and the City of Springfield in restoring stability to troubled neighborhoods.

Sincerely,

Clark Ziegler
Executive Director

re: Springfield City Library

Dear Mr. Cary:

The Board of Library Commissioners is pleased to issue a second and final State Aid to Public Libraries award to the City of Springfield in these amounts:

FY2012 Library Incentive Grant (LIG)	\$ 37,012.60
FY2012 Municipal Equalization Grant (MEG)	\$ 78,856.02
FY2012 Nonresident Circulation Offset Award	\$ 3,510.52

Total	\$119,379.14
--------------	---------------------

The state treasurer's office will issue the check within the next few weeks. With this payment, Springfield will have received a total of \$223,603.61 in FY2012 State Aid to Public Libraries funds.

These awards are funded by Chapter 68, Acts of 2011, which states that awards should be placed in a separate account to be expended by the public library, without appropriation.

We have notified your municipal treasurer about this FY2012 State Aid to Public Libraries payment. However, you should contact the treasurer and/or accountant about the award amounts and confirm that the funds will be made available to the library.

Sincerely,

Parties

City of Springfield ("Contractor") is an eligible public or private not for profit entity that has submitted an application for assistance to the Federal Emergency Management Agency (FEMA) Public Assistance Program and has received an approved award. The Commonwealth of Massachusetts, acting through its Massachusetts Emergency Management Agency ("Department"), administers all public assistance grants for FEMA. The Contractor is a Sub-Grantee of the Commonwealth of Massachusetts.

Applicable Laws and Regulations

This contract is issued as a grant by the Commonwealth of Massachusetts and is subject to all applicable laws and regulations including, but not limited to MGL Chapter 29 and 815 CMR 2.00. Funding is provided to the Commonwealth by FEMA as federal assistance for the major disaster designated FEMA-1994 under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5207 (Stafford Act), in accordance with 44 CFR. The Contractor is responsible for compliance with any and all applicable federal and state laws, statutes, rules, regulations, policies, and other governing documents.

Purpose

This sub-grant is funded by FEMA federal assistance and is awarded to reimburse Contractor for 75% of eligible costs incurred by the Contractor for emergency protective measures taken by the Contractor to save lives, protect public health and safety, or prevent damage to improved public or private property or for permanent work to restore a damaged facility to its pre-disaster status as a result of as a result of damage from the June 1, 2011 tornados. The Contractor has applied to FEMA for disaster assistance and has been awarded **\$12,741.10** in assistance for the specific projects listed in the attached Project Worksheet (PW) number **PW-00231**. Funds may be expended only for the purposes described in the approved Project Worksheet being funded by this contract.

Contractor: _____

MEMA: _____

Valid Contract Dates

Due to the unexpected nature of disasters, the effective contract start date on the Standard Contract signature page will always be earlier than the dated signatures for both the Department and Contractor. The Contractor may be reimbursed for approved activity taking place no earlier than the effective start date as indicated on the Standard Contract signature page and extending to no later than **6/30/2012**. All performance must be completed within these dates unless a State Standard Contract Amendment is executed by both parties prior to the current end date. The Department will not approve contract amendments unless or until project extensions have been approved by FEMA.

Budget:

The total value of this contract is determined by the FEMA-approved Project Worksheet. Funding is made available over the life of the contract and is allocated based on state fiscal year projections (July 1 – June 30). Contract funding is for work completed within the state fiscal year budgeted.

The total value of this contract is **\$9,555.83**. Fiscal year spending is budgeted as follows:

FY12: \$9,555.83

FY13:

FY14:

Amendments to fiscal year projections may be requested no later than May 1 to ensure a revised contract is executed prior to the end of the state fiscal year. FEMA approval is not required for an amendment to fiscal year budget. Contractors cannot be reimbursed for costs over and above the fiscal year budget (original or as amended).

The use of these funds for their stated purposes requires a 25% non-federal cost-share contribution from the Contractor per 44 CFR section 206.203. Cost-share contributions may be satisfied by either or both of: (1) allowable costs incurred under the scope of performance funded by this contract and paid from non-federal sources, and/or (2) the value of third party in-kind contributions applicable to the period to which the cost-sharing requirements apply. Allowable costs paid from non-federal sources must not count towards satisfying a cost-sharing or matching requirement of any other award of federal funds. Execution of this contract constitutes the Contractors certification that it is applying non-federal sources to meet its cost share obligation.

Payments

Contract payments will be made based on the type of Project Worksheet approved. PWs estimated and approved at \$63,900.00 or less (aka "Small Projects") and that have already been completed at the time of contract execution will be paid in a lump-sum reimbursement upon satisfactory completion of the **reporting requirements of this contract**. Small Project PWs that are not yet completed at the time of contract execution will be paid in an up-front payment less 10% retainage. The 10% retainage will be paid upon certification of project completion and satisfactory completion of the reporting requirements of this contract.

The Contractor agrees that any overpayment of funds to the Applicant will be returned promptly to MEMA, in the manner and time frame determined by the MEMA Contract Manager at the time of such notification to MEMA.

PWs estimated at greater than \$ 63,900.00 ("Large Projects") will be paid on a cost reimbursement basis for work completed, and subject to verification by the MEMA Contract Manager. All payments will be issued upon receipt and acceptance of adequate documentation of completion of project performance requirements. Partial payments may be made periodically throughout the life of a Large Project.

Contractor: _____

MEMA: _____

Reporting

For any project not completed at the time of contracting the Contractor must submit quarterly progress reports as provided by MEMA.

The Contractor must submit a P.4 Report for any completed PW to certify that reported costs were incurred in the performance of eligible work, that the approved work was completed, that the project was completed and payments were made in compliance with the provisions of this contract and all other applicable governing documents.

If the purchase of insurance is a requirement of any approved PW, a copy of the current insurance policy must be submitted as a condition of receiving federal funds for reimbursement

Records Management

The Contractor agrees that all financial and programmatic records, supporting documents, statistical records, and other records associated with this contract are required to be retained for a period of seven (7) years, beginning on the first day after the final payment under this contract, or such longer period as is necessary for the resolution of any litigation, claim, negotiation, audit or any inquiry involving this contract and/or any approved PWs funded by it.

Required Forms

The Contractor must complete and return the required forms. All forms must be submitted at the time of this contract execution and prior to the release of any funds for reimbursements.

PA-01-MA-1994-PW-00231(0):						
Tornado and severe weather conditions on June 1, 2011 produced high velocity winds which caused extensive damage to the City of Springfield. Overwhelming high velocity winds in the area caused many traffic control signs to be damaged or destroyed. The large quantities of debris produced by the event posed a significant threat to the public's health and safety. The resultant condition caused threat to life and safety of residents due to loss of traffic control that restricted movement of all emergency vehicles and rescue personnel town wide.

Parties

City of Springfield ("Contractor") is an eligible public or private not for profit entity that has submitted an application for assistance to the Federal Emergency Management Agency (FEMA) Public Assistance Program and has received an approved award. The Commonwealth of Massachusetts, acting through its Massachusetts Emergency Management Agency ("Department"), administers all public assistance grants for FEMA. The Contractor is a Sub-Grantee of the Commonwealth of Massachusetts.

Applicable Laws and Regulations

This contract is issued as a grant by the Commonwealth of Massachusetts and is subject to all applicable laws and regulations including, but not limited to MGL Chapter 29 and 815 CMR 2.00. Funding is provided to the Commonwealth by FEMA as federal assistance for the major disaster designated FEMA-1994 under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5207 (Stafford Act), in accordance with 44 CFR. The Contractor is responsible for compliance with any and all applicable federal and state laws, statutes, rules, regulations, policies, and other governing documents.

Purpose

This sub-grant is funded by FEMA federal assistance and is awarded to reimburse Contractor for 75% of eligible costs incurred by the Contractor for emergency protective measures taken by the Contractor to save lives, protect public health and safety, or prevent damage to improved public or private property or for permanent work to restore a damaged facility to its pre-disaster status as a result of as a result of damage from the June 1, 2011 tornados. The Contractor has applied to FEMA for disaster assistance and has been awarded **\$29,967.65** in assistance for the specific projects listed in the attached Project Worksheet (PW) number **PW-00230**. Funds may be expended only for the purposes described in the approved Project Worksheet being funded by this contract.

Contractor: _____

MEMA: _____

Valid Contract Dates

Due to the unexpected nature of disasters, the effective contract start date on the Standard Contract signature page will always be earlier than the dated signatures for both the Department and Contractor. The Contractor may be reimbursed for approved activity taking place no earlier than the effective start date as indicated on the Standard Contract signature page and extending to no later than **6/30/2012**. All performance must be completed within these dates unless a State Standard Contract Amendment is executed by both parties prior to the current end date. The Department will not approve contract amendments unless or until project extensions have been approved by FEMA.

Budget:

The total value of this contract is determined by the FEMA-approved Project Worksheet. Funding is made available over the life of the contract and is allocated based on state fiscal year projections (July 1 – June 30). Contract funding is for work completed within the state fiscal year budgeted.

The total value of this contract is **\$22,475.74**. Fiscal year spending is budgeted as follows:

FY12: \$22,475.74

FY13:

FY14:

Amendments to fiscal year projections may be requested no later than May 1 to ensure a revised contract is executed prior to the end of the state fiscal year. FEMA approval is not required for an amendment to fiscal year budget. Contractors cannot be reimbursed for costs over and above the fiscal year budget (original or as amended).

The use of these funds for their stated purposes requires a 25% non-federal cost-share contribution from the Contractor per 44 CFR section 206.203. Cost-share contributions may be satisfied by either or both of: (1) allowable costs incurred under the scope of performance funded by this contract and paid from non-federal sources, and/or (2) the value of third party in-kind contributions applicable to the period to which the cost-sharing requirements apply. Allowable costs paid from non-federal sources must not count towards satisfying a cost-sharing or matching requirement of any other award of federal funds. Execution of this contract constitutes the Contractors certification that it is applying non-federal sources to meet its cost share obligation.

Payments

Contract payments will be made based on the type of Project Worksheet approved. PWs estimated and approved at \$63,900.00 or less (aka "Small Projects") and that have already been completed at the time of contract execution will be paid in a lump-sum reimbursement upon satisfactory completion of the **reporting requirements of this contract**. Small Project PWs that are not yet completed at the time of contract execution will be paid in an up-front payment less 10% retainage. The 10% retainage will be paid upon certification of project completion and satisfactory completion of the reporting requirements of this contract.

The Contractor agrees that any overpayment of funds to the Applicant will be returned promptly to MEMA, in the manner and time frame determined by the MEMA Contract Manager at the time of such notification to MEMA.

PWs estimated at greater than \$ 63,900.00 ("Large Projects") will be paid on a cost reimbursement basis for work completed, and subject to verification by the MEMA Contract Manager. All payments will be issued upon receipt and acceptance of adequate documentation of completion of project performance requirements. Partial payments may be made periodically throughout the life of a Large Project.

Contractor: _____

MEMA: _____

Reporting

For any project not completed at the time of contracting the Contractor must submit quarterly progress reports as provided by MEMA.

The Contractor must submit a P.4 Report for any completed PW to certify that reported costs were incurred in the performance of eligible work, that the approved work was completed, that the project was completed and payments were made in compliance with the provisions of this contract and all other applicable governing documents.

If the purchase of insurance is a requirement of any approved PW, a copy of the current insurance policy must be submitted as a condition of receiving federal funds for reimbursement

Records Management

The Contractor agrees that all financial and programmatic records, supporting documents, statistical records, and other records associated with this contract are required to be retained for a period of seven (7) years, beginning on the first day after the final payment under this contract, or such longer period as is necessary for the resolution of any litigation, claim, negotiation, audit or any inquiry involving this contract and/or any approved PWs funded by it.

Required Forms

The Contractor must complete and return the required forms. All forms must be submitted at the time of this contract execution and prior to the release of any funds for reimbursements.

PA-01-MA-1994-PW-00230(0):						
Tornado and severe weather conditions on June 1, 2011 produced high velocity winds which caused extensive damage to the City of Springfield. Overwhelming high velocity winds in the area caused many traffic control signals to be damaged or destroyed, this in turn caused a great deal of difficulty in controlling traffic and allowing emergency vehicles to get through to handle calls. The large quantities of debris produced by the event posed a significant threat to the public's health and safety. The resultant condition caused threat to life and safety of residents due to loss of traffic control that restricted movement of all emergency vehicles and rescue personnel town wide.

RE: Appropriation Order – DPW Signs and Signals -
Certification of Chief Administrative and Financial Officer

Dear Mayor Sarno, President Ferrera, and Members of the City Council:

On June 4, 2012, the City Council will consider an order to appropriate funds totaling \$32,000 from revenue received from FEMA to DPW for signs and signals damaged during the tornado.

- Originally, the funds to repair signs and signals damaged by the tornado were paid from DPW's FY11 budget in June, 2011.
- These costs were not reclassified to the tornado account therefore, the FEMA reimbursement is not being deposited there.
- Instead, the FEMA revenue is being requested as an appropriation for DPW to address their signs and signals needs for the remainder of FY12.

This letter will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in the City Council Order appropriating \$32,000, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

This certification is made in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Please contact me with any questions.

RE: Appropriation Order – Budget Transfer W/In a Department \$85,000 - Finance
Certification of Chief Administrative and Financial Officer

Dear Mayor Sarno, President Ferrera, and Members of the City Council:

On June 4, 2012, the City Council will consider an order to appropriate funds totaling \$85,000 from the Police Salaries and Wages to Police Gasoline in order to fund the deficit created by rising fuel costs with savings from vacancies.

This letter will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in the City Council Order appropriating \$85,000 without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

This certification is made in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Amount to be transferred:

\$85,000

Reason for transfer:

This transfer is needed to cover the deficit in the Springfield Police Department's FY 2012 OTPS budget. The deficit is due to rising fuel costs that were unanticipated when the budget was created almost one year ago. I have performed an analysis that indicates an anticipated surplus of approximately \$100,000. This projection takes into account the current vacancy savings that the Department will realize after meeting the Lost Time figure.

RE: Appropriation Order – Budget Transfer W/In a Department \$40,000 – Dept of Capital Asset
Certification of Chief Administrative and Financial Officer

Dear Mayor Sarno, President Ferrera, and Members of the City Council:

On June 4, 2012, the City Council will consider an order to appropriate funds totaling \$40,000 from the following line items to cover the cost of project management services due to an internal project manager resigning:

- DCAC - salaries and wages due to one vacancy to professional services - \$15,000
- Comptroller – reserve from contingencies to DCAC - professional services - \$25,000

This letter will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in the City Council Order appropriating \$40,000, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

This certification is made in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Please contact me with any questions.

Dear Attorney Greenhalgh:

The Trustees of the Community Foundation of Western Massachusetts are pleased to enclose a check in the amount of \$26,200 for maintenance of the meetinghouse and organ of the Old First Church from the *Old First Church Fund for the Maintenance of Its Meetinghouse and Organ*.

As you have previously been made aware, your organization is the beneficiary of a permanently endowed distribution from this fund that is to be made on an annual basis. However, this distribution can only be made once we have obtained the Mayor's certification that the City of Springfield is in compliance with the fund letter as outlined in my correspondence of April 6, 2012.

We are extremely pleased to be able to help your organization and we wish you well in all of your endeavors. As always, if we can be of any further assistance or if you have any questions or concerns, please do not hesitate to contact us.

Sincerely,

Nancy Reiche, M.S.W.

April 6, 2012

The Honorable Domenic Sarno
Mayor
City of Springfield
36 Court Street
Springfield, MA 01103

Dear Mayor Sarno:

In November 2009 the **Old First Church Fund for the Maintenance of Its Meetinghouse and Organ** fund was established at the Community Foundation of Western Massachusetts by the Congregation of the First Church of Christ Congregational for the maintenance of the meetinghouse and organ of the Old First Church. The City of Springfield, now the owner of the meetinghouse, is the beneficiary of a permanently endowed distribution annually from this fund provided that it meets the terms and conditions outlined in the fund letter. The \$26,200 distribution for 2012 will be forwarded to you once we have obtained your certification that the City of Springfield is in compliance with the fund letter.

Please note: Our Investment and Audit and Finance Committees undertook a thoughtful review of our distribution rate, which has been at 4.5% for the past ten years. The committees' analysis took into account the Foundation's mission of preserving a permanent endowment for future generations, while making annual distributions that support and enrich our community today. The thorough review included the industry's best modeling for long-term investment returns, the rate of inflation and current expenses. At the January meeting, Trustees approved a recommendation from the Audit and Finance Committee to change the distribution rate from 4.5% to 4.25% effective with the start of our new fiscal year, April 1, 2012. Any distributions from the **Old First Church Fund for the Maintenance of Its Meetinghouse and Organ** fund after that date are utilizing the new rate.

The terms and conditions noted in the fund letter pertain to the use of the funds distributed and require that the Community Foundation obtain certifications from the City of Springfield that the City is in compliance or is in the process of complying with the Preservation Restriction Agreement with the Massachusetts Historical Commission. The pertinent terms and conditions in the fund letter:

- The City of Springfield must continue to own the meetinghouse in order to receive the annual distribution.
- The Fund was established by the Congregation of the First Church of Christ Congregational for the maintenance of the meetinghouse and organ of the Old First Church. The "meetinghouse" for the purpose of receiving distributions from the Fund shall mean the original main wooden structure of the building (erected in 1819—it is the fourth Old First Church building). The attached brick portion of the building commonly known as the "parish house", which was added in 1874, shall be excluded for this purpose.

Letter to Mayor Sarno, City of Springfield

- The Fund may also be used for the maintenance of the impressive Aeolian-Skinner Organ which was completely refurbished in 1999 at which time the beautiful African Mahogany façade with its polished tin pipes from Germany were added.
- The entire building is designated as a Massachusetts Historic Landmark and is listed on the National Register of Historic Places. The Preservation Restriction Agreement with the Massachusetts Historical Commission applies to any changes to the building (primarily to the exterior, but has application to the interior as well). Any reconstruction which may affect the historical integrity of the building is subject to the Preservation Restriction Agreement with the Commonwealth of Massachusetts by and through the Massachusetts Historical Commission. The Agreement is applicable in perpetuity to the premises. A copy of the Agreement is enclosed.

We ask that you review the terms and conditions related to the distribution as outlined above and sign below to certify the City of Springfield's compliance with the terms of the fund and the Preservation Restriction Agreement with the Massachusetts Historical Commission.

Please feel free to call me if you have any questions.

Sincerely,

Nancy Reiche, M.S.W.
Vice President for Programs

Certification

I have read the terms and conditions outline above for the annual distribution from the **Old First Church Fund for the Maintenance of Its Meetinghouse and Organ** and certify that the City of Springfield is in compliance with the terms of the fund and the Preservation Restriction Agreement with the Massachusetts Historical Commission.
