**OFFICE OF PLANNING & ECONOMIC DEVELOPMENT
ANALYSIS FOR A SPECIAL PERMIT**

**418 LIBERTY STREET (07770-0106)
NON-USE (RETAIL OPERATION)**

General Information

Petitioner:	Gulam Kagzi
Request:	For a special permit to renovate and reopen a pre-existing nonconforming retail use. (Article XV, Section 1500.4B)
Proposed use of the property:	Convenience Store
Parcel Size:	4,259 s.f.
Compatibility with current planning documents:	The Liberty Heights Neighborhood Plan does not show any changes to this area.
Neighborhood council notification:	Lower Liberty Heights Community Action Team/Hungry Hill Civic Association: 4-25-13
Tax Status:	SEE ATTACHED
Urban Renewal Status:	This parcel is not located within an urban renewal area.
Site Visit:	5-13-13
Hearing Date:	5-28-13

Staff Analysis

Neighborhood characteristics:

The parcel is currently zoned Business A and is located in an area that has a mix of commercial and residential units. The surrounding land uses include:

- To the north is a large housing complex zoned Residence C.
- To the south is an office complex zoned Industrial A.
- To the west is a three-family house zoned Residence C.
- To the east is a single-family house zoned Residence C.

Site plan review:

The petitioner has requested a special permit to renovate and reopen a pre-existing, non-conforming retail use, under the Non-Use clause of the zoning ordinance at the property known as 418 Liberty Street. This site is located on the corner of Liberty Street and Columbia Terrace.

Although the staff generally does not object to the re-use of existing structures, the staff does have concerns with this proposed use.

First and foremost, as noted above, the parcel is only 4,259 square feet. This is well under the required amount of land for a building of this size under the current zoning standards.

Additionally, after visiting the site, it was noted that there is no on-site parking at this location. As can be seen in the attached picture, parking now takes place on Liberty Street and Columbia Terrace. The staff has strong concerns that there is now not enough parking for the four (4) existing residential units let alone the amount of parking that may be needed with the addition of a new commercial use. The staff also has concerns about the lack of space required for commercial related activities including dumpsters.

Overall, the staff does not believe that this is an appropriate location for the proposed commercial operation.

Recommendation

Deny.

IF Approved*Recommended Conditions*

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the renovation and reopening of a pre-existing, non-conforming retail use at the property known as 418 Liberty Street (07770-0106).
3. The use shall be developed in accordance to the attached site plan with the additions of condition #4 through #12.
4. The hours of operation shall be from 7:00 AM to 9:00 PM, Monday through Sunday.
5. There shall be no deliveries or related services prior to 7:00 AM.
6. The building shall be maintained free of all graffiti.
7. The petitioner shall submit a detailed sign plan to the Office of Planning & Economic Development for review and approval prior to applying for a sign permit.
8. There shall no ground sign associated with this use.
9. There shall be no non-accessory signs.
10. The site shall be maintained free of all trash, debris and weeds.
11. The tree-belts shall be maintained free of all overgrown vegetation, trash and debris.
12. The public sidewalks shall be maintained including snow removal.
13. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fines of up to \$100 per day for each day a violation exists.

**OFFICE OF PLANNING & ECONOMIC DEVELOPMENT
ANALYSIS FOR A SPECIAL PERMIT**

**1361 Liberty Street (07770-0398)
DRIVE-UP SERVICE WINDOW**

General Information

Petitioner:	McDonald's USA, LLC
Request:	To operate a drive-up service window.
Proposed use of the property:	Fast food restaurant.
Parcel Size:	34,804 s.f.
Compatibility with current planning documents:	The Liberty Heights Neighborhood Plan shows no changes to this area.
Neighborhood council notification:	Hungry Hill Civic Association: 12-10-12
Tax Status:	SEE ATTACHED
Site Visit:	5-13-13
Urban Renewal Status:	This parcel is not located within an urban renewal area.
Hearing Date:	5-28-13

Staff Analysis

Neighborhood characteristics:

The property is located in the Liberty Heights Neighborhood and is located within a large commercial shopping center. The surrounding land uses are:

- To the north is a Burger King fast food restaurant zoned Business A.
- To the south is a Stop & Shop supermarket zoned Industrial A.
- To the east are a number of commercial uses zoned Business A.
- To the west is Springfield Plaza zoned Business A and Industrial A.

Site plan review:

The petitioner has requested a special permit to operate a drive-up service window in conjunction with a McDonald's fast food restaurant at the property known as 1361 Liberty Street. The site is the current location of a closed Kentucky Fried Chicken. The petitioner intends to demolish the existing building and construct a new 3,946 square foot McDonald's.

As noted above, the site is currently developed with an existing fast food restaurant, although no drive-up service window currently exists. As part of the review process for this special permit, the staff has had a number of meetings with the engineering firm developing the site. During these discussions, a number of

development options were presented, including locating the drive-up service window operations in the front of the building. As with many previous reviews of McDonald's developments, including the most recent on Allen Street, as well as other developments that include a drive-up window, the staff strongly opposes the location of drive-up facilities in the front of buildings. The staff firmly believes that this type of design completely disconnects any pedestrian connection to the development and is designed with only one (1) mode of transportation, that being the car. After a lengthy discussion regarding that design, a new plan was submitted showing the drive-up facility located to the rear of the building. In response to the staff's concerns about pedestrian connections, the plan also now shows a new sidewalk which will provide direct pedestrian access from Liberty Street to this new development.

In addition, this new design also helps to address the concerns raised by the neighborhood about potential traffic conflicts outside of the site by changing the current two-way entrance located at the southeast corner of the parcel into an entrance only.

Overall, the staff is very pleased with the proposed design and cooperation shown by the petitioner. While the staff would always advocate seeing buildings closer to the street line, the staff understands that this is an existing developed site with limited curb cut access. The staff also believes that a safe pedestrian connection has been provided.

Recommendation

Approve, with conditions.

Recommended Conditions

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely to operate a drive-up service window at the property known as 1361 Liberty Street (07770-0398).
3. The use shall be developed as per the attached site plans and elevations, dated May 11, 2013, with the addition of conditions #4 through #19.
4. All landscaping shall be installed as per submitted plans.
5. There shall be no outside storage of materials beyond the enclosed dumpster area.
6. The petitioner shall place one (1) bicycle rack on the property.
7. There shall be only one (1) ground sign at this location.
8. There shall be no electronic message board attached to the ground sign.
9. There shall be no "running messages" or "flashing messages" allowed on the ground sign.
10. There shall be no additional advertising material located on any directional signage or light poles.
11. The site shall be maintained free of all weeds and trash and debris.

12. All landscaped areas, including the public tree belt shall be maintained by the petitioner.
13. The public sidewalk shall be maintained, including snow removal.
14. The dumpster shall be completely enclosed.
15. There shall be no banner, streamers or other promotional materials placed in outside areas.
16. There shall be no non-accessory signs located on the property.
17. The building shall be maintained graffiti free.
18. There shall be no loitering.
19. Full site plans shall be reviewed and approved by the Department of Public Works prior to issuing a Building Permit.
20. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

Westwood, MA 02090

Re: Springfield Plaza

Dear Rhona,

Please accept this letter as Springfield Center 1 Limited Partnership's ("Springfield Center") acknowledgement that, pursuant to a Ground Lease entered into between McDonald's USA, LLC and Springfield Center, Springfield Center has provided McDonald's USA with the non-exclusive right to utilize certain parking spaces within the balance of Springfield Plaza. The rights to these non-exclusive parking spaces are within 300' of McDonald's leased parcel and shall run concurrently with McDonald's lease.

Please let me know if I can provide any additional information.

ANALYSIS FOR A ZONE CHANGE**

**#3146 377 COTTAGE STREET (03310-0295)
INDUSTRIAL PARK TO INDUSTRIAL A**

GENERAL INFORMATION

Applicant:	Lori DiGennaro
Request:	Industrial Park to Industrial A
Location:	377 Cottage Street
Parcel Size:	137,001 s.f.
Purpose:	Motor Vehicle Repairs
Surrounding Land Use and Zoning:	The property is located in the East Springfield neighborhood. This area has a mix of commercial and industrial uses. To the north is vacant land zoned Industrial A. To the south is the former Cottage Street landfill zoned Industrial Park. To the east is a vacant parcel zoned Industrial Park. To the west is a warehouse/manufacturing operation zoned Industrial Park.
Comprehensive/ Neighborhood Plan:	The East Springfield Neighborhood Plan shows no changes to this area.
Site Visit:	4-4-13
Urban Renewal Plan:	This parcel is not located within an urban renewal district.
Neighborhood Council Notification:	East Springfield Neighborhood Council: 4-2-13
Planning Board Hearing Date:	4-17-13

SPECIAL INFORMATION

Traffic & Parking:	N/A
Physical Characteristics:	N/A
Other Notes:	N/A

ANALYSIS

The petitioners have requested to change the zoning of the property known as 377 Cottage Street from Industrial Park to Industrial A. The site is currently the location of a vacant building and is now being proposed for a motor vehicle repair operation.

This section of the City was rezoned to Industrial Park back in 1962. The Industrial Park zoning requires a number of stricter zoning regulations including larger lot sizes and increased landscaping requirements. Although it is the staff's prerogative to keep the intent of the original zone change, after a review, the staff has the following comments.

As noted above, many of the uses along this section of Cottage Street consist of similar industrial type uses, ranging from manufacturing operations to truck terminals. Additionally, all of the properties located along the northern side of

Cottage Street are currently zoned Industrial A. Due to this fact, the staff believes that the proposed zone change is consistent with the existing surrounding land uses and will not have an adverse effect on this area as a whole. However, it would be the staff's recommendation that the size of the proposed zone change be reduced to only include the section of the property to be used in conjunction with the repair operation (see attached map). This would allow the petitioner the opportunity to utilize this rear building while still protecting the overall integrity of the Industrial Park zoning.

RECOMMENDATION

Amend. The staff would recommend that the size of the zone change be modified to only include that portion of the property which will be used for the motor vehicle repair use.

ANALYSIS

Over the last several years, the Office of Planning & Economic Development has been in the process of re-drafting the Springfield Zoning Ordinance. Such a complete revision has not been completed by the City since 1971. The re-drafting process included the input of a Community Advisory Committee (CAC), comprising representatives of the city staff, City Council, Chamber of Commerce, attorneys, developers, neighborhood councils, Planning Board, Springfield Historic Commission and the Pioneer Valley Planning Commission.

Included in the process were over nineteen (19) CAC meetings, composing more than 1,000 hours, two (2) public meetings held at the Naismith Basketball Hall of Fame as well as four (4) public meetings held throughout the

City. A forty five (45) day public comment period was also initiated where over two hundred (200) comments were received and reviewed.

For the past three (3) years, the staff has been working in conjunction with a Springfield based development group to address concerns raised about specific language within the proposed document. During this three (3) year time period numerous additional meetings have been held. These included five (5) meetings with the City Council Planning & Economic Development sub-committee, presentations to the Greater Springfield Chamber of Commerce and Live Well Springfield, numerous internal staff meetings and over fourteen (14) individual meetings with the development group itself. The staff reviewed all comments received by the development group and have made over two hundred (200) separate edits based on these comments. After further meetings with the development group at the beginning of this year, the staff is pleased to say that all the issues raised by the development group have been addressed and the staff does not expect any further opposition from this group.

Understanding that the document needs to represent a balanced approach between all parties, the staff has submitted a document that it feels accomplishes this task. However, considerate of the fact that with any new document unforeseen issues and/or unintended consequences may arise, the staff intends to periodically review the document to ensure all proposed changes and processes work as intended and also fosters future economic development.

Highlights of the new zoning document include the introduction of site plan review (a tool used by most of the surrounding communities), a comprehensive use table, new defined terms and illustrations and the incorporation of new zoning districts which include Business D (regional shopping), Industrial MU (mix use residential/industrial uses), Open Space (parks, conservation land) and Business B-1 (corporate campus). Further the new document enhances the existing neighborhood overly district currently used at the "X" in Forest Park, expands opportunity for home based businesses, introduces new green measures including presumptive parking regulations and increased landscaping requirements and encourages mix used development that promotes a healthier community. Lastly, recognizing the potential of a casino development within the City of Springfield, this document also incorporates a new Casino Overlay District. This purpose of this overlay district is to facilitate the location of licensed casino and casino complex within the boundaries established by the City of Springfield for casino gaming activities.

Overall, the staff firmly believes that the proposed revisions will benefit and positively shape future economic development projects by clearly defining procedures and timelines for the various review requirements. The new document promotes neighborhood involvement though the expanded site plan review process and brings the City of Springfield into the 21st Century by addressing new technologies and new zoning practices.

RECOMMENDATION

Approve.

Planning Board Hearing Date:	4-17-13

SPECIAL INFORMATION

Traffic & Parking:	N/A
Physical Characteristics:	N/A
Other Notes:	N/A

ANALYSIS

The petitioner has requested to change the zoning of a number of parcels located within the Outing Park (former Hollywood) section of the South End neighborhood. The proposed zone change incorporates properties owned by the Springfield Redevelopment Authority (SRA). The SRA is currently in the process of selling the property to the Outing Park Apartments Limited Partnership.

The proposed zone changes include seven (7) properties located along Saratoga Street and are located within the former Hollywood Section (now known as Outing Park) of the South End neighborhood. These lots are part of a larger redevelopment of multiple apartment buildings within this area of the South End. The proposed zone change will allow for the construction of maintenance garage and laundry facility while also providing much needed off-street parking for the residents of this area. It should be noted that all of the parcels located in the proposed zone change are currently vacant.

In addition to the proposed renovation work being completed by Outing Park, the City of Springfield is currently continuing with the implementation of the South End Master Plan which included \$1.3 million dollars in renovation work to Emerson Wight Park. This renovation work included the significant expansion and new amenities to this park. Work has also been completed on the streetscape improvements to Dwight Street Extension. This \$1.2 million dollar project included new sidewalks, landscaping and lighting. All this work compliments the other significant improvements made to the south end of Main Street back in 2010.

Overall, the staff is very pleased with the work that has been completed by the petitioner thus far and fully supports the proposed zone changes. Again, in addition to the building which will compliment this area, the additional parking lot will provide much needed off-street parking for the residents of Outing Park.
