Dog Hearing on “Ryder” and “Blue Jay” of 27 Riverview ()

27 Riverview/Alton Llanos history

In 2007 TJO euthanized "Devious" owned by Alton Llanos after the dog was found inside an area home and the owner declined to retrieve him. Llanos has an outstanding bill at TJO for this service.

6/1/16-Officer Simpson went to 27 Riverview Street after receiving a complaint of 2 dogs fighting in a yard. Owner Llanos was not compliant or forthcoming with information during this visit and was cited. He was also reported to the MSPCA for concerns over lack of vet care for the dogs' injuries.

10/28/16-Animal Control received a complaint of 2 loose pit bulls in the area of Riverview Street, both were gone on arrival.

12/10/16-Both dogs, "BlueJay" and "Ryder," owned by Llanos, were picked up loose, impounded at TJO and returned to co-owner Crystal Lamb for \$380 (impound, board, leash law and spay/neuter violation, both dogs were current on rabies vaccinations and licensed at the time).

7/11/17-Animal Control received an online complaint that both dogs, "BlueJay" and "Ryder," got loose from their fenced yard at 27 Riverview and chased a woman and her dog. Owner Llanos cited again for leash law violations.

Llanos currently has the two adult dogs, "BlueJay" and "Ryder," and 3 puppies from their last litter. His yard is fully fenced and he has some locking mechanism(s) on the door. The adult dogs are licensed under Crystal Lamb but current on rabies under Alton Llanos in Tracker. Neither dog is spayed or neutered.

Officer Simpson arrived at 27 Riverview Street after a neighbor called Springfield Police about dogs fighting and the owner being bitten. The neighbor had heard the owner yelling and saying "throw hot water on that bitch." Upon arrival Officer Simpson noticed the owner Alton Llanos in the back yard with a towel taped around his right forearm. When asked about the injury Llanos claimed to have cut it on his car. Officer Simpson also observed 2 blue and white pitbull type dogs in the yard, one intact male and one intact female. The male appeared to be soaked with water and the female had several fresh puncture wounds on her chest and face. When asked if his dogs were licensed and vaccinated Llanos said "yes" and that he does it all himself at a clinic in South Hadley. Officer Simpson explained that if Llanos was not a vet he could not administer rabies vaccines and then tried to inform the owner of the home quarantine process. Llanos then became agitated saying no one was taking his dogs. Simpson again tried to explain home quarantine procedure and that the dogs would not be removed from the property, at which time Llanos stated "get the fuck off the property." Officer Simpson then left and completed the bite report despite Llanos's claim that there was no bite.

When Officer Simpson returned to the office an anonymous caller had left a message stating there was a 3rd white pitbull type dog with severe cuts that was hidden inside Llanos's home. Officer Simpson did not see this dog during the visit but informed Officer Christine Allenberg of the MSPCA of the situation for a follow up visit. An incomplete bite report was sent to Steve Stathis of the Springfield Board of Health. Llanos was issued a citation for 3 unlicensed and unvaccinated dogs (\$50 per violation, per dog) in accordance with 110-2, totaling \$300, citation # 207255. DogTracker lists 2 male pit bull type dogs to Llanos, named "BlueJay" and "Rider," both dogs are current on rabies and were licensed for 2016 on 11/22/16 (after the citations were issued).

Callers both want to be unknown but the phone numbers are:

Officer Mateo, stopped by this address after being notified about a possible dog bite incident yesterday via an online post sent from a TJO volunteer. Around 10:00 AM on 7/10/17 the 2 dogs from 27 Riverview, BlueJay and Ryder, owned by Alton Llanos, got loose and went after a person who was walking her dog. This person was later identified as Elizabeth Gurka at 13-885-6368, 47 Riverview, Springfield. During the altercation Gurka was walking her dog and was knocked down by Llanos's loose dogs. They also chased her and her puppy to her home. No bite occurred. Gurka has been advised of her right to request a dangerous or nuisance hearing on the dogs involved.

Spoke to Mr. Alton Llanos, who was aware of the incident, on 7/11/17 at his home. According to him, the little dog did not suffer any wounds. It appears that his male dog broke the latch on the gate and both dogs got loose. He fixed the latches, he said. He also said that he put multiple latches on the fence to prevent this from happening again.

In the past Mr. Alton has easily become upset when any Animal Control Officer had been to his property inquiring about his dogs. He blames the neighbors for calling and made some remarks about race. He states that since he bought that house some neighbors just complain, but none are the immediate neighbors, referring to the two neighbors right next to his property. Mr. Llanos has a new wooden fence all around his rear yard. He currently has three puppies left from the last litter which appear to be about 4 months old. He mentioned he never had any neighbor issues with his dogs at his former residence by East Street in Springfield. He is also planning to build a kennel for the dogs in his yard by the end of this summer.

Made him aware that we have received multiple complaints from the neighborhood and residents being scared about his dogs. We talked about breed, size, and how some people are simply afraid of dogs, as well as his goals and responsibilities to prevent any further issue is to keep his dogs in his property. EM

Both dogs current on rabies & license; owner cited for 2nd leash law violation by ACO.

RABIES

RABIES - Rabies is a disease caused by a germ in the saliva of a "Mad" dog. The germs enter the body through the wound made when a rabid animal bites another animal or person.

SYMPTOMS - Rabies may appear in either the dumb or the furious form. The symptoms are not constant, but as a rule dogs with DUMB RABIES are very RESTLESS. The eyes taken on a peculiarly bright appearances, with dilated pupils. The dogs may be more AFFECTIONATE than usual. The throat and jaws gradually become paralyzed so that MOUTH HANGS OPEN, saliva DROOLS out, and the tongue seems to be in the way. There is difficulty in swallowing. Frequently these symptoms lead to the mistake of thinking the animal has a BONE CAUGHT in the throat. The dog may snap at imaginary objects.

Dogs affected with the FURIOUS form of RABIES become IRRITABLE and restless, SNAPPING at people or other animals. They will chew up foreign material such as rugs, pieces of clothing, or wood. They try to get out of the house to run. If confined, they will TEAR at objects and, if they break loose, will RUN AIMLESSLY for miles, snapping and biting at any moving objects crossing their path.

In both forms of rabies, there is a peculiar high pitched and HOUND LIKE HOWL. The end comes when the dog is exhausted, the legs become paralyzed, and the dog dies in a stupor. RABIES NEVER APPEAR AS SUDDEN CONVULSIONS OR FITS.

IF A DOG BITES A PERSON - Do NOT kill it. Confine the dog and call a veterinarian. The dog should be kept under observation. If it remains well, there is no danger of rabies to animals or persons bitten; if it has rabies, definite symptoms and death will occur within the two weeks' period of restraint that is required. If the dog is killed at once, you may never know whether or not it was rabid.

ALL PERSONS BITTEN BY OR INTIMATELY EXPOSED TO RABID ANIMALS SHOULD BE GIVEN ANTI-RABIC TREATMENT

The throat and jaws gradually become paralyzed so that **MOUTH HANGS OPEN**, saliva **DROOLS** out, and the tongue seems to be in the way. There is difficulty in swallowing. Frequently these symptoms lead to the mistake of thinking the animal has a **BONE CAUGHT** in the throat. The dog may snap at imaginary objects.

Dogs affected with the **FURIOUS** form of **RABIES** become **IRRITABLE** and restless, **SNAPPING** at people or other animals. They will chew up foreign material such as rugs, pieces of clothing, or wood. They try to get out of the house to run. If confined, they will **TEAR** at objects and, if they break loose, will **RUN AIMLESSLY** for miles, snapping and biting at any moving objects crossing their path.

In both forms of rabies, there is a peculiar high pitched and **HOUND LIKE HOWL**. The end comes when the dog is exhausted, the legs become paralyzed, and the dog dies in a stupor. **RABIES NEVER APPEAR AS SUDDEN CONVULSIONS OR FITS**.

IF A DOG BITES A PERSON - Do NOT kill it. Confine the dog and call a veterinarian. The dog should be kept under observation. If it remains well, there is no danger of rabies to animals or persons bitten; if it has rabies, definite symptoms and death will occur within the two weeks' period of restraint that is required. If the dog is killed at once, you may never know whether or not it was rabid.

ALL PERSONS BITTEN BY OR INTIMATELY EXPOSED TO RABID ANIMALS SHOULD BE GIVEN ANTI-RABIC TREATMENT

Memo:

Neighbors at 35 Riverview called SPD stating that the 2 pitbulls from 27 Riverview got loose again. The two dogs charged her, but she was able to get into her home before anything happened. On arrival the dogs were being brought back inside the home and parents just arrived. I let Llanos know what happened and he asked his son what happened. His son stated he let the dogs outside in the backyard instead of putting them inside the kennel. They then dug a hole under the fence. They quickly fixed the hole and stated they will try to figure out a way to stop them from digging under. The female resident at 35 Riverview informed me that Llanos is very good at keeping the dogs confined when he is home but when the kids are left with the dogs they get loose a lot. Llanos started to talk with his son about why they put the dogs in the kennels. The female resident next door said she kept screaming "ALTON, ALTON" before realizing he was not home and she had to bang on the house door to get someones attention to contain the dogs because the kids were asleep. The dogs were back inside the home on arrival; I informed the female resident to continue to call if the dogs get loose. MR

We prefer a meeting after T.P.M. so the
neighbors who work can attend

We the undersigned request the dogs on 27 Riverview St. be once again deemed dangerous in accordance with state law 136A, and removed from the premises in compliance with Massachusetts State Law 157 section h "(h) If an owner or keeper of a dog is found in violation of an order issued under this section, the dog shall be subject to seizure and impoundment by a law enforcement or animal control officer." The dogs have been continually threatening neighbors. The dogs once again got out August 11th, 2018. They aggressively came at a neighbor who happened to have a garden hose in his hand and sprayed them, which scared them off. We believe the homeowners have violated their agreement with the city and continue to be a nuisance to the neighborhood.

TJ O'Connor has had to respond:

06/01/16 A neighbor heard the dog on the owner being bitten, and heard the owner yell "throw hot water on that bitch" An officer arrived to find one dog wet, one with fresh puncture wounds and the owner with a towel around his forearm. He claimed to have cut it on a car.

There's two problems here 1) the owner was presumably bitten making the dogs dangerous, 2) the dogs were abused. Another neighbor called about a 3rd dog with puncture wounds in the house, again animal abuse.

10/28/16 Pit bulls loose again

12/10/16 Pit bulls loose again

07/11/17 Pit bulls knock down and and chase a neighbor on the porch

08/30/17 Dogs ordered spay/neuter, micro chipped build a kennel, and obtain \$100,000 liability insurance

10/20/17 Dogs out loose again in neighbors yard

08/11/18 Dogs out loose again-come at neighbor in threatening manor. Chased off by garden hose.

In addition, there are a couple of other incidences that went unreported to authorities.

The dogs owners have been in violation of the following city ordinances:

§ 110-5 Restraint and control of animals; public nuisances; barking dogs.

A.

All animals, with the exception of sterilized cats, shall be kept under restraint when in public. "Restraint" shall mean a leash, lead or other physical restraint. Dogs

B.

Every owner or keeper of an animal shall exercise proper care and control of his/her animals to prevent them from becoming a public nuisance. An animal found to be a public nuisance may be impounded by an Animal Control Officer, as set forth in this chapter. Animal nuisance behaviors include, but are not limited to:

(1)

Molesting or attacking persons, animals or vehicles without provocation;

(2)

Repeated trespassing on public or private property, including school grounds;

(3)

Repeatedly being found at large, outside of confinement or off restraint;

D.

It shall be unlawful for any person owning, keeping, harboring, or possessing any animals to permit the same to go at large any time within the limits of the City, to the damage or annoyance of any of the residents of the City.

The dogs owners are also in violation of state law section 157

(4) at the time of the attack or threat, the person or animal that was attacked or threatened by the dog had breached an enclosure or structure in which the dog was kept apart from the public and such person or animal was not authorized by the owner of the premises to be within such enclosure including, but not limited to, a gated, fenced-in area if the gate was closed, whether locked or unlocked; provided

(iv) that the owner or keeper of the dog provide proof of insurance in an amount not less than \$100,000 insuring the owner or keeper against any claim, loss, damage or injury to persons, domestic animals or property resulting from the acts, whether intentional or unintentional, of the dog or proof that reasonable efforts were made to obtain such insurance

(v)

(h) If an owner or keeper of a dog is found in violation of an order issued under this section, the dog shall be subject to seizure and impoundment by a law enforcement or animal control officer. If the keeper of the dog is in violation, all reasonable effort shall be made by the seizing authority to notify the owner of the dog of such seizure.

a dog that either: (i) without justification, attacks a person or domestic animal causing physical injury or death; or (ii) behaves in a manner that a reasonable person would believe poses an unjustified imminent threat of physical injury or death to a person or to a domestic or owned animal.

We request the dogs be deemed dangerous and removed from the property

Memo:

Talked to Benny Correa in regard to second call this week about his dogs being loose. He states his dogs were in his front yard with him and never left his property. His front yard is not fenced in. The woman was walking and three dogs came (two pit bull looking dogs and a small one) and surrounded her while growling. I explained to Correa that his dogs need to be on a leash since his front yard is not fenced in and dogs like to wander and are scaring citizens. Correa replied "fuck them." I had been there before for the same reason. I gave Correa until the end of the month to get his dogs licensed when I talked to him on 9/19/18. Today I cited him for three loose dogs.

Debra Watson (209-6644) from 209 Morton St was today's victim. EM

September 26, 2018

To whom it may concern:

from the **neighbors of Morton Street**, Pine point section of Springfield, Ma 01119. We as a neighborhood would like to be heard regarding **Nuisance Dogs** that live in the neighborhood at **219 Morton Street**. I would like to also address the fact that this is also a newly constructed neighborhood as well. We have all attended a neighborhood meeting at the **Independence House 1475 Roosevelt Ave**, this past **Tuesday 25, of September**, about our issues regarding the safety of our neighborhood. We would like to see this problem get resolved for a lot of us are new to the neighborhood, and some aren't. However this is a serious problem that has been ongoing for a good while now. Some of the new neighbors have been dealing with this situation recently, and some from the past as well. We are in fear of our lives, and don't feel comfortable with loose dogs getting out the house, and not having any proper fencing to keep them away from the public. We are afraid to walk around our own neighborhood, if we wanted to take a walk. Our children can't even walk to school, and from without feeling anxiety of being attacked. There was a recent attack on **9/22/18** regarding my neighbor, she was attacked by 3 pit bulls, while my husband witness from the

Attachment: scan0004 (2) (4832 : Nuisance Dog Hearing Regarding 3 Dogs from 219 Morton Street, Owned by Benny Correa)

front porch, this woman in horror. My mother and aunt in the month of early August were attacked just walking from around the corner, back to the house she lives in. There were no reports made because I thought the dog just got out by accident. But after having my husband witness my neighbor get attacked I knew that something had to be done about these vicious dogs. My name is Terry Riley, and I love to go for walks in the neighborhood, but feels like a prisoner in my own home these days! I feel like I have to personally carry a weapon with me, in case I was to get attacked by my neighbor's vicious dogs. I'm just simply asking that something be done about this situation, for no one should have to live, day to day with constant fear of being bit or **terrorized by nuisance/dangerous dogs! Please help us fix this problem!!** The neighborhood would also like to request **Officer Sanborn** at the hearing, since she was there for the first neighborhood meeting.
