II. Orders

1. Order (ID # 2690)

Order Authorizing Mayor to Execute Quitclaim Deed for Sale of 200-202 Walnut St. (11952-0049) and SS Walnut St. (11952-0051) to Gardening the Community, Inc.

COMMENTS - Current Meeting:

Read and an explanation was given by Phil Dromey, Deputy Director of the Office Planning and Economic Development and Melvyn Altman, Associate City Solicitor that the property was being transferred to Gardening in the Community, Inc through the tax title foreclosure program to be used as a community garden with fresh vegetables, fruit and flowers and was sold for \$2,500. Councilor Edwards spoke stating that as president of the Maple High Six Corner Neighborhood Council he has been working with organization and is in full support of the project and it is important to the neighborhood. Councilor Allen spoke saying that from a community and youth engagement, a social and public health point of view it's a good project. Councilor Shea asked if there are any provision for the upkeep of the property and Mr. Dromey and Mr. Altman said that there is a restriction in the deed that the property must be maintain and kept free of weed and debris or the property would revert back to the City. Councilor Williams asked what are going to be

grown of the property and winter upkeep and Ihram Ali, Project Director for Gardening in the Community spoke stating that they will be owners of the lots and would be in a better position to provide year-a-round production and maintenance by rotation crops and having a "farm stand" and pavilion that could be used for community activities and would be growing fresh vegetables, planting fruit trees and flowers, Councilor Twiggs asked who would be doing the work and Mr. Ali said that they have a group of over 30 volunteers. Councilor Hurst said he support the project and wishes the group good luck. Ann Richardson, Executive Director of Gardening in the Community spoke saying that they had been looking for a property they could own and have big plan for the lots and will engage in fundraising and have commitments from schools, community groups and neighborhood councils to use the site and the project will have year-a-round maintenance, Councilor Williams said that this is outstanding work because one of the missing links is fresh vegetables and fruit in the poor community and hood health starts with a good diet. Councilor Luna spoke saying that she sponsor a garden in the Northend and its a great project because it gives the youth something to do in the summer time and the Order passed by the following roll call vote.

Re: Order for Council Meeting – June 16, 2014
Cc: Mayor Sarno

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the June 16, 2014 City Council meeting regarding the Collective Bargaining Agreement for the Springfield Police Supervisors Association (SPSA).

Background: After multiple bargaining sessions, the Springfield Police Supervisors Association (SPSA) bargaining unit has ratified two new collective bargaining agreements with the City of Springfield.

The first agreement covers the time period July 1, 2012 – June 30, 2013 (Fiscal Year 2013) and includes a 0.0% wage increase.

The second agreement covers the time period July 1, 2013 – June 30, 2016 (Fiscal Years 2014 - 2016) and includes base wage increases in the amount of 2.0% for FY14 (7/1/13 - 6/30/14), 2.0% for FY15 (7/1/14 - 6/30/15), and 2.0% for FY16 (7/1/15 – 6/30/16). An additional 1.5% increase for FY15 (bringing the total increase to 3.5%) was negotiated in exchange for SPSA's agreement to a number of operational changes to shift swap policies, drug and alcohol testing, and staffing/shift changes.

The wage increase for FY14 is retroactive to July 1, 2013 and is estimated to cost \$105,763 for regular salaries and wages and \$10,000 for overtime. The corresponding increase to the Supervisors' educational benefit is estimated to cost \$22,752. These amounts are fully funded in the FY14 Adopted Budget for the Springfield Police Department.

The second agreement also includes a provision for a City-paid educational benefit to Police Supervisors that are not eligible for traditional Quinn Bill educational benefits through MGL Ch. 41, §108L. Any Supervisor receiving these benefits will be required to satisfy the educational degree requirements of MGL Ch. 41, §108L in exchange for the following monetary benefit: 5% base salary increase for an Associate's Degree, 10% base salary increase for a Bachelor's Degree, 12.5% base salary increase for a Master's Degree.

CAFO Certification: This memorandum will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in this City Council Order, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

This certification is made in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

To the Springfield City Council

Please be advised that this department has received confirmation from the representative of Springfield Police Supervisor's Association-SPSA, that this bargaining unit has ratified new collective bargaining agreements for the time periods of July 1, 2012 to June 30, 2013 and July 1, 2013 to June 30, 2016 with the City of Springfield.

We hereby submit to you this report for approval by the City Council which would reflect the following wage increases in SPSA's wage scale.

Contract 1

Wages Increases: Effective July 1, 2012 Zero percent (0%)

Contract 2

Wage Increases: Effective July 1, 2013 Two percent (2%)

Effective July 1, 2014 Two percent (2%)

Effective July 1, 2015 Two percent (2%)

Additionally on June 30, 2014 there will be a one and one-half percent (1.5%) increase for negotiated operational changes.

Please note that the parties also agreed on the following language.

The SPSA agrees to the concept of visual and audio recording systems in all SPD vehicles. In addition, the parties agree to the formulation of a Joint Study Committee comprised of four (4) members of IBPO Local 364 (appointed in accordance with the JLMC Award JLMC-13-2559), four (4) members of the SPSA appointed by the Association President and four (4) management officials appointed by the Police Commissioner.

The Joint Study Committee shall meet regularly to develop mutually agreed upon policy recommendations to be referred to the respective IBPO and SPSA Bargaining Committees in advance of the negotiations for a successor contract to the July 1, 2013 – June 30, 2016 Collective Bargaining Agreement.

Much of this agreement tracks the arbitration award issued in the City of Springfield and IBPO Local 364 matter (JLMC case no. 13-2559) which was ratified by the City Council on February 26, 2014.

A financial order reflecting the cost of the of the wage increase for this fiscal year FY-2014 is attached

In accordance with the Acts of 656 of 1989, the Chief Financial Officer must give in writing his opinion relative to the financial impact of the agreement on the existing level of municipal services.

If any other questions exist please feel free to contact this office.

AMEND AN EXISTING SPECIAL PERMIT TO ALLOW FOR USED CAR SALES**

General Information

Petitioner:	YMM Services, Inc.
Request:	To amend an existing special permit by deleting condition #7 (no used car sales) and further requesting an additional special permit for used car sales.
Proposed use of the property:	Motor vehicle repairs/gas station.
Parcel Size:	16,851 s.f.
Compatibility with current planning documents:	The Forest Park Neighborhood Plan does not show any changes to this area.
Neighborhood council notification:	Forest Park Civic Association: 5-14-14
Tax Status:	SEE ATTACHED
Urban Renewal Status:	This parcel is not located within an urban renewal area.
Site Visit:	6-3-14
Hearing Date:	6-23-14

Staff Analysis

Neighborhood characteristics:

The parcel is currently split zoned between Business A and Industrial A. The area has a mix of both commercial and residential uses.

- To the north is vacant land zoned Industrial A.
- To the south is a motor vehicle service station zoned Business A.
- To the east is a single-family home zoned Business A.
- To the west is a mixed use building zoned Business A.

Site plan review:

The petitioner has requested to amend an existing special permit, granted May 28, 2010, by allowing the deletion of the condition limiting used car sales (condition #7). An additional special permit has also been requested to allow for the issuance of a Class II used car sales license at this location. The site is currently being used as a gas station and motor vehicle repairs.

As noted above, a special permit for a motor vehicle service station was issued to this petitioner back in May

2010. As part of that approval, a condition was placed on the special permit which prohibited the sale of used vehicles. The petitioner has now requested to have this condition deleted so that a Class II license can be issued in order to be able to purchase used vehicles for the petitioner's taxi company. In speaking with the petitioner, and as noted in the attached letter dated March 21, 2014, it was stressed that this special permit would only be used for the purpose of purchasing vehicles for the taxi company and that no vehicles would be displayed at this location.

At the time this special permit was originally issued back in 2010, the main concern for limiting used car sales at this location was the lack of available parking. As noted above, the site is currently being used as a gas station as well as motor vehicle repairs. Therefore, the staff wanted to ensure that there would be adequate on-site parking for both customers and employees of these intense uses. Since the petitioner has indicated that no vehicles will be displayed at this location, the staff does not believe that allowing a "dealers" license at this location will have a detrimental effect on the available parking or on the neighborhood as a whole. However, if approved, the staff would strongly recommend that a condition be placed on the special permit which specifically prohibits the display of vehicles at this location. Lastly, after visiting the site, the staff was pleased to see that the property is being maintained in a good condition. However, the landscape buffer along the western property line needs to be re-established (condition #10).

Recommendation

Approve, with conditions.

Recommended Conditions: (Amendment of Existing Special Permit)

1. This special permit is granted to this petitioner only.
2. This special permit is granted for a motor vehicle repair facility to include lubrication, service of electronic systems, engine tune-ups and tire services (not to include tire recapping or retreading) at the property known as 295 Allen Street (00280-1295).
3. The use shall be developed according to the attached site plan with the addition of conditions #4 through #15.
4. There shall be no storage of automotive parts outside the building
5. There shall be no storage of unregistered or junk vehicles located on the site or in the public way.
6. There shall be no autobody work completed at this location.
7. There shall be no work completed to any vehicle outside the building.
8. Any and all dumpsters shall be completely enclosed.
9. The building and fencing shall be maintained free of all graffiti.
10. The western property line shall be re-planted with arborvitae shrubs, or approved equal, at a minimum height of three (3) feet at the time of planting and planted three (3) feet on center.
11. The public tree belt shall be re-established and maintained by the petitioner.

12. The petitioner shall contact the City Forester to determine the feasibility of installing a street tree along the frontage of Allen Street.
13. All landscaped areas shall be maintained free of all weeds and debris.
14. The public sidewalk shall be maintained including snow removal.
15. There shall be no banners, streamers, pennants, or non-accessory signs located on the property.
16. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

Re: Preliminary Application Form for Special Permit

Dear Mr. Dromney:

In regard to the above-captioned matter, enclosed please a copy of the Preliminary Application Form for the Special Permit requested for 295 Allen Street, Springfield, Massachusetts, by YMM Services, Inc.

I have also enclosed the site plan for the premises and a copy of the proposed application which we will be filing with the City of Springfield if this is approved.

As we have spoken about previously and you can see from the Application, it is the intent of the Petitioner to get the Class II License in order to purchase vehicle for his taxi company. Under the Special Permit he will agree not to display cars for sale on the premises.

Also, as you are aware we have forwarded a copy of this to the neighborhood council and advised them there will be no cars on site. We did advise them that we would willing to come into a meeting with the neighborhood council if they had questions or concerns this plan. To date, we have no response from them with respect to any meeting.

If you have any other questions regarding this matter, please feel free to contact the undersigned.

Sincerely yours,

Frank A. Caruso

ANALYSIS FOR A SPECIAL PERMIT**

**630 MAIN STREET (08130-0056)
AMEND AN EXISTING SPECIAL PERMIT (MECHANICAL PUBLIC CARWASH)**

General Information

Petitioner:	FL Roberts & Company, Inc.
Request:	To amend an existing special permit, granted July 26, 2013, by allowing a change in the approved site plan.
Proposed use of the property:	Public Carwash
Size:	45,794 s.f.
Compatibility with current planning documents:	The South End Neighborhood Plan shows no changes to this area.
Neighborhood council Notification:	South End Citizens Council: 5-14-14
Tax Status:	SEE ATTACHED
Site Visit:	6-3-14
Urban Renewal Status:	This parcel is not located within an urban renewal area.
Hearing Date:	6-23-14

Staff Analysis

Neighborhood characteristics:

The parcel is currently zoned Business B and is in an area that has a mix of commercial and residential uses.

To the north are offices, retail and single-family homes zoned Business B.

To the south are a Hampton Inn and commercial grocery store zoned Business B.

To the east are retail operations zoned Business B.

To the west is Interstate 91.

Site plan review:

The petitioner has requested to amend an existing special permit, granted July 26, 2013, to allow a change to the approved site plan at the property known as 630 Main Street. The property is currently being used as a public car wash and detailing center.

As noted above, the petitioner is requesting to amend the approved site plan by allowing an additional curb cut onto Gardner Street. Currently, there are two (2) curb cuts onto Gardner Street but both are located at the eastern side of the property, closer to Main Street. One of the curb cuts is for the main access to the car wash

facility and the second access allows for an entrance and exit from the detailing operation. As currently designed, a patron who is only using the car wash and not opting for the detailing operation, has to exit onto East Columbus Avenue. The proposed additional curb cut would now allow these patrons to exit onto Gardner Street, thus providing access back to Main Street.

After a review of the proposed plans, the staff does not object to the proposed change. The staff has also spoken to the Department of Public Works and they do not have any concerns as well. It should be noted, however, that as per the Zoning Ordinance (Article 7, Section 7.3.11[b]), it states that "...no lot shall have more than two (2) access ways to any one (1) public street for each five hundred (500) feet of frontage". Since this proposed curb cut would be in violation of that section, in addition to the special permit, a variance will also have to be obtained through the Board of Appeals.

Lastly, although the staff is pleased with the overall appearance of this development, it should be noted that as per the approved plans a landscape buffer was to be installed along the Gardner Street frontage. This buffer was to include a combination of shrubs and shade trees. After visiting the site, it was noted that this buffer has not been installed and only a stone gravel buffer has been installed in its place. Since this is the location of a number of large electrical boxes, the staff believes that this buffer is important to the overall streetscape and should be required to be installed, as originally proposed and approved.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely to amend an existing special permit, granted July 26, 2013, by allowing a third curb cut onto Gardner Street at the property known as 630 Main Street (08130-0056).
3. The use shall be developed in accordance to the attached site plans and elevations with the additions of conditions #4 through #7.
4. All conditions place on the original special permit, approved July 26, 2013, shall remain in effect.
5. A variance from the Board of Appeals shall be obtained prior to the start of any work.
6. All approvals shall be obtained from the Department of Public Works prior to the start of any work.
7. Any and all sidewalks shall be replaced in kind and shall not be depressed to accommodate the curb cut entrances.
8. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

MOTOR VEHICLE REPAIR & MAINTENANCE (AMEND)**

General Information

Petitioner:	Pan Siphanoum
Request:	To amend an existing special permit (motor vehicle repair and maintenance), granted May 20, 1999, by allowing a change in the petitioner.
Proposed use of the property:	Motor vehicle repair.
Parcel Size:	13,998 s.f.
Compatibility with current planning documents:	The Pine Point Neighborhood Plan shows no changes to this area.
Neighborhood council notification:	Pine Point Community Council: 6-3-14
Tax Status:	SEE ATTACHED
Urban Renewal Status:	This parcel is not located within an urban renewal area.
Site Visit:	6-3-14
Hearing Date:	6-23-14

Neighborhood characteristics:

This site is located along the commercial corridor of Boston Road and is zoned Business A. The surrounding land uses include:

- To the north are single family homes zoned Residence A.
- To the south are a vacant lot and office building zoned Commercial P and Business A.
- To the east is a manufacturing operation zoned Business A.
- To the west is a retail operation zoned Business A.

Site plan review:

The petitioner has requested to amend an existing special permit for motor vehicle repairs operation, by allowing a change in the petitioner, at the property known as 604 Boston Road. As noted above, the original special permit was granted in May 1999.

After reviewing the site plan and visiting the site, the staff does not object to the proposed change. The property is being well maintained, however, it should be noted that as part of the original special permit, there was a requirement for two (2) trees to be planted in the "grassed" areas on the parcel. As can be seen in the attached photo, there does not appear to be a grassed area on this site. As such, the staff would recommend

that the petitioner be required to install planters along the front of the property in lieu of the tree plantings.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted for motor vehicle repair and maintenance (heavy) at the property known as 604 Boston Road (01655-0101).
3. All conditions placed on the original special permit, granted May 20, 1999, shall remain in effect, with the exception of the landscaping requirement.
4. In lieu of the tree plantings, the petitioner shall be required to install two (2) landscape planters along the front of the property. These planters are to be painted with flowers or a similar landscaping treatment.
5. There shall be no storage of automotive parts outside the building.
6. There shall be no storage of junk vehicles located on the site or in the public way.
7. There shall be no on-street parking.
8. There shall be no auto body work, including painting, completed at this location.
9. There shall be no work completed to any vehicle outside the building.
10. Any and all dumpsters shall be completely enclosed.
11. The building shall be maintained free of all graffiti.
12. The site, including all landscaped areas, shall be maintained free of all weeds and debris.
13. The public sidewalk shall be maintained, including snow removal.
14. There shall be no banners, streamers, pennants, or non-accessory signs located on the property.
15. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

This is to inform you that at a meeting of the City Council held on Monday evening, April 26, 1999, it was voted by the Council in accordance with law to grant a Special Permit on the petition of Owner & Petitioner: Grez Automotive By: Vincent R. DeStefano, for an alteration/extension of a pre-existing non-conforming use at **604 Boston Road**, as provided by Massachusetts General Law and the Springfield Zoning Ordinance, with the following conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the operation of an auto repair facility and for no other purpose.
3. The use shall be developed in accordance with the attached site plan except as noted herein.
4. The frontage areas marked "grass" shall be improved as follows: Two (2) trees shall be planted, one in each grass area. These trees shall be Linden tree of a caliper not less than 3" at planting.
5. There shall be no new accessory ground signs on the property. Existing signage is allowed to remain; however, there shall be no new accessory signs.
6. There shall be no non-accessory signs on the property.
7. There shall be no banners, streamers, or other promotional materials hanging on site.
8. There shall be no used car sales on the site.
9. There shall be no barbed wire or razor wire on the property. All existing barbed and razor wire shall be removed.
10. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

REASONS: (1) The specific site is an appropriate location for such a use, structure, or condition. (2) The use as developed will not adversely affect the neighborhood. (3) Adequate and appropriate facilities will be provided for the proper operation of the proposed use. (4) The extension, alteration or change shall not be substantially more detrimental to the neighborhood than the existing nonconforming use.

This permit becomes effective on May 20, 1999.

Staff Analysis

Neighborhood characteristics:

The property is located in the Bay Neighborhood and is located in an area with primarily commercial and industrial uses.

- To the north is a warehouse operation zoned Business B.
- To the south is a restaurant zoned Business B.
- To the east is Blunt Park zoned Residence B.
- To the west is vacant land zoned Industrial A.

Site plan review:

The petitioner has requested a special permit for motor vehicle sales at the property known as 784 Bay Street. This is the current site of a motor vehicle repair operation as well as used car sales.

As with the special permit for Allen Street, the petitioner has indicated that this special permit is only to allow him to buy vehicles at auction and will not be storing vehicles for sale at this location. Due to the fact that this site already is the location of a motor vehicle repair operation and used car dealership, the staff would recommend that, if approved, a condition be placed on the special permit which specifically prohibits the display of vehicles at this location.

After visiting the site, it was noted that this site is being maintained, however, the public tree belt needs to be mowed and maintained by the petitioner. There are also weeds in the front of the building that need to be removed.

Recommendation

Approve, with conditions.

Recommended Conditions

1. This special permit is granted to this petitioner only.
2. This special permit is granted for use car sales at the property known as 784 Bay Street (01085-0091).
3. This special permit is to allow for the issuance of a Class II license only. There shall be no display of vehicles for sale at this location associated with this special permit.
4. All conditions placed on the special permits for this location, granted March 25, 2014, shall remain in effect.
5. The public tree belt shall be maintained.
6. There shall be no banners, streamers, pennants, or non-accessory signs located on the property.
7. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fines of up to \$50 per day for each day a violation exists.
