 - Outreach, recruitment and selection, intake, orientation, assessment, and preparation of IEPs;
 - Participant training provided on the job, in a classroom setting, or utilizing other appropriate arrangements, consisting of reasonable costs of instructors' salaries, classroom space, training supplies, materials, equipment, and tuition;

 - Participant supportive services.

Senior Service America, Inc. (SSAI)

Administrative Costs

- The costs of administration are the costs associated with:
 - Performing overall general administrative and coordination functions, including:
 - Accounting, budgeting, financial, and cash management functions;
 - Procurement and purchasing functions;
 - Property management functions;
 - Personnel management functions;
 - Payroll functions;
 - Coordinating the resolution of findings arising from audits, reviews, investigations, and incident reports;
 - Audit functions;
 - General legal services functions; and
 - Developing systems and procedures, including information systems, required for these administrative functions.
 - Oversight and monitoring responsibilities related to administrative functions;
 - Costs of goods and services used for administrative functions of the program;
 - Travel costs incurred for official business in carrying out administrative activities or the overall management of the program; and
 - Costs of information systems related to administrative functions (for example, personnel, procurement, purchasing, property management, accounting, and payroll systems) including the purchase, systems development, and operating costs of such systems.

Personnel and related non-personnel costs of staff who perform both administrative functions and programmatic services or activities must be allocated as administrative or program costs to the benefiting cost objectives / categories based on documented distributions of actual time worked or other equitable cost allocation methods.

Allowable SCSEP Costs

Participant Wages

Sponsors should monitor spending levels throughout the year to effectively utilize all budgeted funds. Expenses exceeding the approved budget may not be reimbursed unless there is an agreed upon budget modification.

Sponsors with participants assigned to project administration who must be reassigned during the program year due to durational limit on assignment may be given permission, upon request, to use extra hours to assist with training replacements if necessary. Prior written approval is required from the Director, SCSEP Field Operations (or designee), and depends on the availability of funds. Unauthorized use of extra hours is not permitted.

Participants' time sheets should not be submitted, approved, or dated prior to the last day of work in the pay period.

Senior Service America, Inc. (SSAI)

Fringe Benefits

FICA: The FICA rate (employer's share) is currently 7.65% inclusive of 1.45% for Medicare. Sponsors who do not claim FICA costs must deduct 1.45% for Medicare.

Unemployment and/or disability insurance costs will be reimbursed only in cases where sponsors are required by state law to provide such insurance.

Worker's Compensation insurance must be in force over the entire grant period. Self-insured plans will be reimbursed for actual expenses up to what a normal commercial policy would have cost. A full discharge of all current and future liabilities is expected on all self-insurance plans. Self-insured sponsors must classify participants in accordance with their job descriptions and apply state classification rates in order to allow comparison between self-insurance costs and a commercial contract.

Physical Examinations: Each participant shall be offered the opportunity to take a physical examination annually—obtained from local resources at low or no cost whenever possible. Maximum reimbursement by SSAI for a physical examination is \$75.

Program / Other — Transportation

Reasonable costs of participant transportation (to training, or to supportive services, for example) may be paid and is a reimbursable project expense.

Transportation expenditures should be for the purpose of providing a benefit to participants. They are not to be used to support other programs or services.

Cost of transportation to participant meetings is reimbursable and should be charged to Training.

Program / Other — Training & Incidentals

Training. Sponsors may pay reasonable costs for skills training, classroom instruction, lectures, seminars, individual instruction as well as other types of training. Sponsors are encouraged to obtain training through locally available resources, including host agencies, at no cost or reduced cost to the program. Specialized training and on-the-job-experience (OJE) must be approved by SSAI prior to implementation. Stand alone job search activities or job clubs are not permitted.

Costs for participant meetings would include, for example, costs of meeting rooms, transportation of participants to and from such meetings, and other allowable costs related to the meetings.

Incidentals. Expenses may be charged for work-related items necessary for a participant's participation in the program only when they cannot be obtained free of charge from local resources. Examples are work shoes, badges, uniforms, safety glasses, or tools. Costs for mandatory criminal / background and / or fingerprint tests should be charged to this category.

Project Administration

The Sponsor Agreement specifies the maximum amount a sponsor will be reimbursed for administrative expenses. If sponsor does not expend at least the PW/FB amount specified in the Sponsor Agreement, the related administrative and program/other reimbursements may be reduced proportionately.

If you do not intend to allocate funds to Project Administration, the funds will remain part of your budget and can be used for participant wages and fringe benefits or Program/Other expenses.

Senior Service America, Inc. (SSAI)

A special note regarding equipment: Written approval from SSAI is required prior to purchasing any equipment which costs \$5,000 or more per unit and has an estimated useful life of one year or more. Due to the DOL regulations regarding equipment purchases, there is no flexibility regarding the necessity for prior written approval.

Insurance Coverage

The following insurance must be in force for all sponsors. Sponsors are required to send a certificate of insurance to SSAI showing that the insurance is in effect for the term of the sponsor agreement. The certificate should name "Senior Service America, Inc. additional insured as their interest may appear."

Insurance Coverage Required:

- Worker's Compensation
- Employment Practices Liability
- Business Automobile
- Commercial General Liability

Sound business practices should be followed in obtaining adequate insurance coverage.

Insurance certificates can be sent as PDF documents to sa1funds@ssa-i.org or fax to 301.578.8969.

Single Audit

Sponsors are subject to audit requirements set forth in OMB Circular No. A-133, and "Audits of States, Local Governments, and Non-Profit Organizations". Sponsors may charge a proportionate share of single audit expenses to Project Administration. The proportionate amount is determined by comparing SSAI's share of federal funding to total federal funding.

Reimbursement of Expenses / Advances / Bank Account Information

Request reimbursement of program costs by completing a Report of Costs (SA1 form). This form has been revised for the grant period and prior editions are not usable. If you do not have this reporting form, contact the SSAI Finance Department. If advances of funds are necessary, sponsor is required to minimize the time between drawdown of funds and their disbursement.

Report of costs is due 30 days after the end of each month.

A separate bank account for SSAI funds is not required if the recipient is able to effectively account for the receipt and expenditure of funds. If in SSAI's opinion a sponsor has an unacceptable system of financial management or internal control, SSAI reserves the right to require a separate account for SSAI SCSEP funds.

If advances provided by SSAI are held in a separate bank account, interest on that account up to \$250 annually may be retained by the sponsor for SCSEP administrative expenses. Interest in excess of \$250 must be remitted annually to the U.S. Department of Health and Human Services (DHHS), P.O. Box 6021, Rockville, MD 20852. Please include the grant number when sending interest to DHHS. Do not send interest refunds to SSAI.

SSAI will transfer funds to one bank account specified by sponsor. If we have your bank information on file, you do not have to resubmit your information. SSAI will transfer funds to your currently designated account unless we are advised otherwise.

Instructions to establish or change bank account information should be sent to Lynn Woo, SSAI Interim Director of Finance. To provide SSAI with your bank account information, use the SCSEP Sponsor Bank Information Form available on the SSAI website (see "For Our Partners") or by contacting the SSAI finance department at sa1funds@ssa-i.org.

Senior Service America, Inc. (SSAI)

To request reimbursement and/or advances, submit an SSAI Report of Costs (form SA1). Requests for funding must be received at SSAI Finance Department at least 5 business days prior to the date funds are needed.

Non-Federal Share of Costs

Non-federal costs are non-federal economic resources that provide identifiable and measurable assistance toward the accomplishment of program objectives. Non-federal costs can be broken down into three categories:

- Cash component is monies from non-federal sources the sponsor expends in support of the program. This might include, but is not limited to, the project director's salary and fringe benefits, the cost of general liability insurance and rent paid for either the premises or meeting rooms if paid in cash, and other costs such as travel, supplies, postage and delivery.
- Indirect is the amount of overhead paid by the sponsor and distributed based on an approved distribution plan.
- In-kind costs are the value of non-cash goods and services that directly benefit the program. In-kind costs can come from host agencies, the project sponsor and the local community. In-kind costs can include, for example, the value of supervisory time that the host agency provides for participants. Other examples of in-kind costs are donated or discounted professional services, space charges, meeting space, telephone, and transportation.

Any excess of non-federal funds the sponsor assigns to SSAI for SSAI's determination of whether the excess shall be used to support the program. Such excess is not part of the sponsor's unreimbursable non-Federal match requirement and is not a donation within the meaning of OMB Circular A-122 (2 CFR Part 230).

Reporting Non-Federal Costs

Use the SSAI Report of Non-Federal Costs (SA2 form) to report non-federal costs and should be filed 30 days after the reported month.

Costs-to-date shown on the Report of Non-Federal costs should agree with the booked amount of non-federal cost incurred and must be traceable throughout the record-keeping system.

When utilizing host agency supervision as in-kind non-federal match, the sponsor must keep a current list of host agencies used and the number of hours of supervision provided to participants.

Closeout of Grant / Final Report of Costs

At the conclusion of the program year, a closeout package will be sent to sponsors specifying certain required closeout document and filing requirements. At that time, a final, signed statement of Federal and non-federal costs must be submitted to SSAI. SSAI will promptly pay all final claims due to the sponsor organization.

Fiscal Reviews

Sponsors are required to maintain records and source documents for review by SSAI representatives. All records and source documents should be readily available. Sponsors who contract with ADP, or similar firms or banks to process payrolls, must make arrangements with these organizations to provide proof of direct deposit or canceled checks as needed for the fiscal review. Federal regulations require that grant recipients support accounting records with reliable source documentation such as canceled checks or other proof of disbursement, paid invoices or contracts or subcontracts awarded.

PROCUREMENT OR EXCEPTION TYPE: Check the appropriate type of procurement or exception for this Contract. Only one option can be selected. See State Finance Law and General Requirements, Acquisition Policy and Fixed Assets, the Commodities and Services Policy and the Procurement Information Center (Department Contract Guidance) for details.

Collective Purchase approved by OSD. Check this option for Contracts approved by OSD for collective purchases through federal, state, local government or other entities.

Department Contract Procurement. If multi-Department user Contract, identify multi-Department use is allowable in Brief Description.

Emergency Contract. Contract Employee. Check this option when the Department requires the performance of an Individual Contractor, and when the planned Contract performance with an Individual has been classified using the Employment Status Form (prior to the Contractor's selection) as work of a Contract Employee and not that of an Independent Contractor.

Legislative/Legal or Other. Check this option when legislation, an existing legal obligation, prohibition or other circumstance exempts or prohibits a Contract from being competitively procured, or identify any other procurement exception not already listed. Legislative "earmarks" exempt the Contract solely from procurement requirements, and all other Contract and state finance laws and policies apply. Supporting documentation must be attached to explain and justify the exemption.

CONTRACT AMENDMENT (Right Side of Form)

Complete this section for any Contract being renewed, amended or to continue a lapsed Contract. Any "material" change in the Contract terms must be memorialized in a formal Amendment even if a corresponding MMARS transaction is not needed to support the change. Additional negotiated terms will take precedence over the relevant terms in the RFR and the Contractor's Response only if made using the process outlined in 801 CMR 21.07, incorporated herein, provided that any amended RFR or Response terms result in best value, lower costs, or a more cost effective Contract.

Interim Contracts. Check this option for an Interim Contract to prevent a lapse of Contract performance whenever an existing Contract is being re-procured but the new procurement has not been completed, to bridge the gap during implementation between an expiring and a new procurement, or to contract with an Interim Contractor when a current Contractor is unable to complete full performance under a Contract.

Contract Employee. Check this option when the Department requires a renewal or other amendment to the performance of a Contract Employee.

Legislative/Legal or Other. Check this option when legislation, an existing legal obligation, prohibition or other circumstance exempts or prohibits a Contract from being competitively procured, or identify any other procurement exception not already listed. posted.

COMMONWEALTH TERMS AND CONDITIONS

Identify which Commonwealth Terms and Conditions the Contractor has executed and is incorporated by reference into this Contract. This Form is signed only once and recorded on the Vendor Customer File (VCUST). See Vendor File and W-9s Policy.

COMPENSATION

Identify if the Contract is a Rate Contract (with no stated Maximum Obligation) or a Maximum Obligation Contract (with a stated Maximum Obligation) and identify the Maximum Obligation. If the Contract is being amended, enter the new Maximum Obligation based upon the increase or decreasing Amendment. The Total Maximum Obligation must reflect the total funding for the dates of service under the contract, including the Amendment amount if the Contract is being amended. The Maximum Obligation must match the MMARS encumbrance. Funding and allotments must be verified as available and encumbered prior to incurring obligations. If a Contract includes both a Maximum Obligation component and Rate Contract component, check off both, specific Maximum Obligation amounts or amended amounts and Attachments must clearly outline the Contract breakdown to match the encumbrance.

PAYMENTS AND PROMPT PAY DISCOUNTS

Payments are processed within a 45 day payment cycle through EFT in accordance with the Commonwealth Bill Paying Policy for investment and cash flow purposes. Departments may NOT negotiate accelerated payments and Payees are NOT entitled to accelerated payments UNLESS a prompt payment discount (PPD) is provided to support the Commonwealth's loss of investment earnings for this earlier payment, or unless a payments is legally mandated to be made in less than 45 days (e.g., construction contracts, Ready Payments under G.L. c. 29, s. 23A). See Prompt Pay Discounts Policy. PPD are identified as a percentage discount which will be automatically deducted when an accelerated payment is made. Reduced contracts rates may not be negotiated to replace a PPD. If PPD fields are left blank please identify that the Contractor agrees to the standard 45 day cycle; a statutory/legal exemption such as Ready Payments (G.L. c. 29, § 23A); or only an initial accelerated payment for reimbursements or start up costs for a grant, with subsequent payments scheduled to support standard EFT 45 day payment cycle. Financial hardship is not a sufficient justification to accelerate cash flow for all payments under a Contract. Initial grant or contract payments may be accelerated for the first invoice or initial grant installment, but subsequent periodic installments or invoice payments should be scheduled to support the Payee cash flow needs and the standard 45 day EFT payment cycle in accordance with the Bill Paying Policy. Any accelerated payment that does not provide for a PPD must have a legal justification in Contract file for audit purposes explaining why accelerated payments were allowable without a PPD.

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE

Enter a brief description of the Contract performance, project name and/or other identifying information for the Contract to specifically identify the Contract performance, match the Contract with attachments, determine the appropriate expenditure code (as listed in the Expenditure Classification Handbook) or to identify or clarify important information related to the Contract such as the Fiscal Year(s) of performance (ex. "FY2012" or "FY2012-14"). Identify settlements or other exceptions and attach more detailed justification and supporting documents. Enter "Multi-Department Use" if other Departments can access procurement. For Amendments, identify the purpose and what items are being amended. Merely stating "see attached" or referencing attachments without a narrative description of performance is insufficient.

ANTICIPATED START DATE

The Department and Contractor must certify WHEN obligations under this Contract/Amendment may be incurred. Option 1 is the default option when performance may begin as of the Effective Date (latest signature date and any required approvals). If the parties want a new Contract or renewal to begin as of the upcoming fiscal year then list the fiscal year(s) (ex. "FY2012" or "FY2012-14") in the Brief Description section. Performance starts and encumbrances reflect the default Effective Date (if no FY is listed) or the later FY start date (if a FY is listed). Use Option 2 only when the Contract will be signed well in advance of the start date and identify a specific future start date. Do not use Option 2 for a fiscal year start unless it is certain that the Contract will be signed prior to fiscal year. Option 3 is used in lieu of the Settlement and Release Form when the Contract/Amendment is signed late, and obligations have already been incurred by the Contractor prior to the Effective Date for which the Department has either requested, accepted or deemed legally eligible for reimbursement, and the Contract includes supporting documents justifying the performance or proof of eligibility, and approximate costs. Any obligations incurred outside the scope of the Effective Date under any Option listed, even if the incorrect Option is selected, shall be automatically deemed a settlement included under the terms of the Contract and upon payment to the Contractor will release the Commonwealth from further obligations for the identified performance. All settlement payments require justification and must be under same encumbrance and object codes as the Contract payments. Performance dates are subject to G.L. c.4, § 9.

CONTRACT END DATE

The Department must enter the date that Contract performance will terminate. If the Contract is being amended and the Contract End Date is not changing, this date must be re-entered again here. A Contract must be signed for at least the initial duration but not longer than the period of procurement listed in the RFR, or other solicitation document (if applicable). No new performance is allowable beyond the end date without an amendment, but the Department may allow a Contractor to complete minimal close out performance obligations if substantial performance has been made prior to the termination date of the Contract and prior to the end of the fiscal year in which payments are appropriated, provided that any close out performance is subject to appropriation and funding limits under state finance law, and CTR may adjust encumbrances and payments in the state accounting system to enable final close out payments. Performance dates are subject to G.L. c.4, § 9.

CONTRACTOR CERTIFICATIONS AND LEGAL REFERENCES

Notwithstanding verbal or other representations by the parties, the "Effective Date" of this Contract or Amendment shall be the latest date that this Contract or Amendment has been executed by an authorized signatory of the Contractor, the Department, or a later Contract or Amendment Start Date specified, subject to any required approvals. The Contractor makes all certifications required under this Contract under the pains and penalties of perjury, and agrees to provide any required documentation upon request to support compliance, and agrees that all terms governing performance of this Contract and doing business in Massachusetts are attached or incorporated by reference herein:

Commonwealth and Contractor Ownership Rights. The Contractor certifies and agrees that the Commonwealth is entitled to ownership and possession of all "deliverables" purchased or developed with Contract funds. A Department may not relinquish Commonwealth rights to deliverables nor may Contractors sell products developed with Commonwealth resources without just compensation. The Contract should detail all Commonwealth deliverables and ownership rights and any Contractor proprietary rights.

Qualifications. The Contractor certifies it is qualified and shall at all times remain qualified to perform this Contract; that performance shall be timely and meet or exceed industry standards for the performance required, including obtaining requisite licenses, registrations, permits, resources for performance, and sufficient professional, liability; and other appropriate insurance to cover the performance. If the Contractor is a business, the Contractor certifies that it is listed under the Secretary of State's website as licensed to do business in Massachusetts, as required by law.

Business Ethics and Fraud, Waste and Abuse Prevention. The Contractor certifies that performance under this Contract, in addition to meeting the terms of the Contract, will be made using ethical business standards and good stewardship of taxpayer and other public funding and resources to prevent fraud, waste and abuse.

Collusion. The Contractor certifies that this Contract has been offered in good faith and without collusion, fraud or unfair trade practices with any other person, that any actions to avoid or frustrate fair and open competition are prohibited by law, and shall be grounds for rejection or disqualification of a Response or termination of this Contract.

Public Records and Access The Contractor shall provide full access to records related to performance and compliance to the Department and officials listed under Executive Order 195 and G.L. c. 11, s.12 seven (7) years beginning on the first day after the final payment

under this Contract or such longer period necessary for the resolution of any litigation, claim, negotiation, audit or other inquiry involving this Contract. Access to view Contractor records related to any breach or allegation of fraud, waste and/or abuse may not be denied and Contractor can not claim confidentiality or trade secret protections solely for viewing but not retaining documents. Routine Contract performance compliance reports or documents related to any alleged breach or allegation of non-compliance, fraud, waste, abuse or collusion may be provided electronically and shall be provided at Contractor's own expense. Reasonable costs for copies of non-routine Contract related records shall not exceed the rates for public records under 950 C.M.R. 32.00.

Debarment. The Contractor certifies that neither it nor any of its subcontractors are currently debarred or suspended by the federal or state government under any law or regulation including, Executive Order 147; G.L. c. 29, s. 29F G.L. c.30, § 39R, G.L. c.149, § 27C, G.L. c.149, § 44C, G.L. c.149, § 148B and G.L. c. 152, s. 25C.

Applicable Laws. Final invoices in any fiscal year must be submitted no later than August 15th for performance made and received (goods delivered, services completed) prior to June 30th, in order to make payment for that performance prior to the close of the fiscal year to prevent reversion of appropriated funds. Failure to submit timely invoices by August 15th or other date listed in the Contract shall authorize the Department to issue an estimated payment based upon the Department's determination of performance delivered and accepted. The Contractor's acceptance of this estimated payment releases the Commonwealth from further claims for these invoices. If budgetary funds revert due to the Contractor's failure to submit timely final invoices, or for disputing an estimated payment, the Department may deduct a penalty up to 10% from any final payment in the next fiscal year for failure to submit timely invoices.

Payments Subject To Appropriation. Pursuant to G.L. c. 29 § 26, § 27 and § 29, Departments are required to expend funds only for the purposes set forth by the Legislature and within the funding limits established through appropriation, allotment and subsidiary, including mandated allotment reductions triggered by G.L. c. 29, § 9C. A Department cannot authorize or accept performance in excess of an existing appropriation and allotment, or sufficient non-appropriated available funds. Any oral or written representations, commitments, or assurances made by the Department or any other Commonwealth representative are not binding. The Commonwealth has no legal obligation to compensate a Contractor for performance that is not requested and is intentionally delivered by a Contractor outside the scope of a Contract. Contractors should verify funding prior to beginning performance.

Intercept. Contractors may be registered as Customers in the Vendor file if the Contractor owes a Commonwealth debt. Unresolved and undisputed debts, and overpayments of Contract payments that are not reimbursed timely shall be subject to intercept pursuant to G.L. c. 7A, s. 3 and 815 CMR 9.00. Contract overpayments will be subject to immediate intercept or payment offset. The Contractor certifies under the pains and penalties of perjury tax compliance with Federal tax laws; state tax laws including but not limited to G.L. c. 62C, G.L. c. 62C, s. 49A; compliance with all state tax laws, reporting of employees and contractors, withholding and remitting of tax withholdings and child support and is in good standing with respect to all state taxes and returns due; reporting of employees and contractors under G.L. c. 62E, withholding and remitting child support including G.L. c. 119A, s. 12; TIR 05-11; New Independent Contractor Provisions and applicable TIRs.

Bankruptcy, Judgments, Potential Structural Changes, Pending Legal Matters and Conflicts. The Contractor certifies it has not been in bankruptcy and/or receivership within the last three calendar years, and the Contractor certifies that it will immediately notify the Department in writing at least 45 days prior to filing for bankruptcy and/or receivership, any potential structural change in its organization, or if there is any risk to the solvency of the Contractor that may impact the Contractor's ability to timely fulfill the terms of this Contract or Amendment. The Contractor certifies that at any time during the period of the Contract the Contractor is required to affirmatively disclose in writing to the Department Contract Manager the details of any judgment, criminal conviction, investigation or litigation pending against the Contractor or any of its officers, directors, employees, agents, or subcontractors, including any potential conflicts of interest of which the Contractor has knowledge, or learns of during the Contract term. The Contractor is required to comply with G.L. c. 93I for the proper disposal of all paper and electronic media, backups or systems containing personal data and information, provided further that the Contractor is required to ensure that any personal data or information transmitted electronically or through a portable device be properly encrypted using (at a minimum) Information Technology Division (ITD) Protection of Sensitive Information, provided further that any Contractor having access to credit card or banking information of Commonwealth customers certifies that the Contractor is PCI compliant in accordance with the Payment Card Industry Council Standards and shall provide confirmation compliance during the Contract, provide further that the Contractor shall immediately notify the Department in the event of any security breach including the unauthorized access, disbursement, use or disposal of personal data or information, and in the event of a security breach, the Contractor shall cooperate fully with the Commonwealth and provide access to any information necessary for the Commonwealth to respond to the security breach and shall be fully responsible for any damages associated with the Contractor's breach including but not limited to G.L. c. 214, s. 3B.

Limitation of Liability for Information Technology Contracts (and other Contracts as Authorized). The Information Technology Mandatory Specifications and the IT Acquisition Accessibility Contract Language are incorporated by reference into Information Technology Contracts. The following language will apply to Information Technology contracts in the U01, U02, U03, U04, U05, U06, U07, U08, U09, U10, U75, U98 object codes in the Expenditure Classification Handbook or other Contracts as approved by CTR or OSD. Pursuant to Section 11. Indemnification of the Commonwealth Terms and Conditions, the term "other damages" shall include, but shall not be limited to, the reasonable costs the Commonwealth incurs to repair, return, replace or seek cover (purchase of comparable substitute commodities and services) under a Contract. "Other damages" shall not include damages to the Commonwealth as a result of third party claims, provided, however, that the foregoing in no way limits the Commonwealth's right of recovery for personal injury or property damages or patent and copyright infringement under Section 11 nor the Commonwealth's ability to join the contractor as a third party defendant. Further, the term

"other damages" shall not include, and in no event shall the contractor be liable for, damages for the Commonwealth's use of contractor provided products or services, loss of Commonwealth records, or data (or other intangible property), loss of use of equipment, lost revenue, lost savings or lost profits of the Commonwealth. In no event shall "other damages" exceed the greater of \$100,000, or two times the value of the product or service (as defined in the Contract scope of work) that is the subject of the claim. Section 11 sets forth the contractor's entire liability under a Contract. Nothing in this section shall limit the Commonwealth's ability to negotiate higher limitations of liability in a particular Contract, provided that any such limitation must specifically reference Section 11 of the Commonwealth Terms and Conditions. In the event the limitation of liability conflicts with accounting standards which mandate that there can be no cap of damages, the limitation shall be considered waived for that audit engagement. Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the November 17, 2014 Council meeting, which authorizes the City to issue refunding bonds.

Background: From time to time, opportunities present themselves to reduce costs associated with our debt repayment schedule by refunding our current bonds, allowing the City to reissue the bonds with a more favorable interest rate. Much like refinancing, refunding bonds offers the opportunity to reduce the interest rate on current outstanding debt. With bond issuance in FY15, this authorization will allow us to restructure our debt as needed, saving money by reducing interest payments.

CAFO Certification: This memorandum will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in this City Council Order, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

WHEREAS, recently the City of Springfield received a directive from the Massachusetts Department Revenue (DOR) instructing the City that surplus Circuit Breaker Funds must be closed to the General Fund and be subject to the Free Cash Certification process.

Re: Order for Council Meeting –November 17, 2014
Cc: Mayor Sarno

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the November 17, 2014 Council meeting which the school appropriation needs to be reduced in order to comply with the Department of Revenue regulations.

Background: Through the FY15 budget process the Council appropriated an additional \$3,853,110 outside Net School Spending Requirement in order to support the following programs: 1) facility infrastructure requirements, commonly known as the dense wireless project, so every student can be educated on a technology device such as a tablet, 2) new science classrooms at Duggan Middle School.

The funds for this additional appropriation came from left over Special Education Circuit Breaker funds dating back to 2007. The School department turned this revenue over to the City which in turn increased the School budget appropriation to fund the projects.

After an initial review with the Department of Revenue, we were instructed that in order to set the tax rate, we would need to have these funds flow through the Free Cash process and not appropriated to the school department. Therefore, the City needs to reduce the School appropriation in order to have a balanced budget for the tax rate setting process. The City does plan to support the above projects and will be asking Council for a bond authorization to get these critical initiatives off the ground.

CAFO Certification: This memorandum will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in this City Council Order, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the November 17, 2014 Council meeting, which authorizes the City to pay \$2,300,000 for upgrading infrastructure within the Springfield Public Schools as part of the Dense Wireless project.

Background: Within the School Department, some schools have chosen to test students using the PARCC assessment, instead of the MCAS tests. The PARCC assessment is completed online with a computer-based test taking device. The Dense Wireless project will address the gap in our wireless capability, which is expected to grow exponentially with the introduction of a one-to-one technology plan, supplying each student with a technology device. Current wireless networks within our schools need to be upgraded to support more devices running more bandwidth.

Re: Order for Council Meeting – November 17, 2014
Cc: Mayor Sarno

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the November 17, 2014 Council meeting, which will fund an additional Housing Code Inspector position, along with overtime funding for Housing Code sweeps.

Background: This request is in response to the Department's request for an additional Housing Code Inspector. This additional position will assist with clearing the Department's current back log, and also help meet staffing needs for an anticipated increase in Housing Code inspection services. Additional funding for overtime will allow the Department to continue its Housing Code sweeps on weekends, previously funded with CDBG funds.

CAFO Certification: This memorandum will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in this City Council Order, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

This certification is made in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.
