**OFFICE OF PLANNING & ECONOMIC DEVELOPMENT
ANALYSIS FOR A SPECIAL PERMIT**

**879 BOSTON ROAD (01655-0597)
ACCESSORY USE MOTOR VEHICLE SALES (MOTORCYCLES)**

General Information

Petitioner:	Damaris Rodriguez
Request:	Motor vehicle sales as an accessory use.
Proposed use of the property:	Sale of motorcycles and accessories.
Property Size:	16,024 s.f.
Compatibility with current planning documents:	The Boston Road Neighborhood Plan shows no changes to this area.
Neighborhood council notification:	Pine Point Neighborhood Council: 9-10-19
Tax Status:	SEE ATTACHED
Site Visit:	9-16-19
Hearing Date:	9-25-19

Staff Analysis

Neighborhood characteristics:

The parcel is currently spilt zoned between Businesses A and is located along the Boston Road commercial corridor. The area that has a mix of commercial and residential uses. The surrounding land uses include:

- To the north is a used car lot zoned Business B.
- To the south is a single-family house zoned Residence A.
- To the east is a church zoned Business A.
- To the west is an auto repair facility zoned Business B.

Site plan review:

The petitioner has requested a special permit for the sale of motor vehicles (motorcycles), as an accessory use at the property known as 879 Boston Road. This site is the current location of the Body Shop, an auto body repair facility. This site is the current location of Galley Motorsports and Signarama.

After review of the plans and visiting the site, the staff does not object to the proposed use. As noted above, the petitioner intends to sell motorcycles in conjunction with its existing motorsports operation. Due to the fact that this property is zoned Business A, the sales of vehicles is only allowed as an accessory use and, as such, is limited to no more than five (5) vehicles.

As noted above, the staff does not oppose the special permit. After visiting the site, it was noted that the property is being maintained in very good condition. Due to the fact that this is for motorcycles sales as well, the staff does believe the existing parking could accommodate the display of these vehicles as well as customers and/or employees.

Recommendation

Approve, with conditions.

Recommended Conditions

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the operation of motor vehicle sales, as an accessory use, at the property known as 879 Boston Road (01655-0597).
3. The use shall be developed in accordance with the attached site plan, with the additions of conditions #4 through #8.
4. There shall be no more than five (5) vehicles displayed for sale and/or stored, outside of the building at any one time.
5. The site shall be maintained free of all weeds, trash and debris.
6. The building shall be maintained graffiti free.
7. The public sidewalk along Boston Road shall be maintained, including snow removal.
8. There shall be no banners, streamer or other promotional materials located on the exterior of the building.
9. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in denial of the issuance of a Building Permit and/or Occupancy Permit, revocation of any permits issued and/or enforcement by the Code Enforcement Department punishable by fines of up to \$200 per day for each day a violation exists.

Stephen J. Lonergan Treasurer/Collector

**OFFICE OF PLANNING & ECONOMIC DEVELOPMENT
ANALYSIS FOR A SPECIAL PERMIT**

**391 HANCOCK STREET (06250-0517)
RESIDENTIAL DEVELOPMENT (MORE THAN TWENTY-SIX UNITS)**

General Information

Petitioner:	HC Brookings, LLC
Request:	Re-use of an existing building for the development of an apartment building with a total of forty-four (44) units.
Proposed use of the property:	Multi-family development
Parcel Size:	77,903 s.f.
Compatibility with current planning documents:	The Six Corners Neighborhood Plan shows no changes to this area.
Neighborhood council notification:	Maple High/Six Corners Neighborhood Council: 9-10-19
Tax Status:	SEE ATTACHED
Site Visit:	9-16-19
Hearing Date:	9-25-19

Neighborhood characteristics:

The property is located in the Six Corners Neighborhood and is located in an area that has primarily residential uses. The surrounding land uses include:

- To the north is a single-family house zoned Residence B.
- To the south is Ruth Elizabeth Park zoned Open Space.
- To the east is Ruth Elizabeth Park zoned Open Space.
- To the west are single and two-family homes zoned Residence B.

Site plan review:

The petitioner has requested a special permit to allow for the redevelopment of an existing building at the property known as 391 Hancock Street. This was the former location of the Brookings Elementary School. It should be noted that this special permit was approved back in October 2017. Due to the fact that the project has not commenced within two (2) years, a new special permit is required.

As was noted in the previous special permit review, this building sustained significant damage as a result of the 2011 tornado. This property then became surplus property when the school was closed and a new Brookings School was constructed on Walnut Street.

In March 2017, the City of Springfield through the Office of Planning & Economic Development issued a Request for Proposals (RFP) for this property. Two (2) proposals were received for the redevelopment of the property. After a full review by the RFP committee, which included representatives of the neighborhood, HC Brookings, LLC was chosen as the preferred developer.

As can be seen by the attached plans, the existing building is proposed to be renovated to accommodate forty-five (45) residential units. The units would be a mix of two (2) and three (3) bedroom units. The proposed renovations would also include significant exterior renovations as well as overall site renovations. With regards to the exterior renovations, the petitioner intends to maintain and restore the existing historic façades, including the front façade along Hancock Street.

The site renovations include landscaping, including the removal of the existing paved area currently located in the front of the building. The existing parking lot located to the north of the building will remain and additional parking will be created to the south of the building as well as the rear of the building. It should be noted that the existing play-scape currently located on this property will be moved to the adjacent Ruth Elizabeth Park.

After a full review of the plans submitted, the staff does not object to the proposed request. Due to the unique nature of this building and the strong redevelopment plan put forth by the petitioner, the staff believes that this proposed redevelopment will not negatively affect the surrounding neighborhood and would provide for the redevelopment of this vacant and damaged property. Further, the petitioner currently owns and operates a number of large housing developments within City of Springfield as well as surrounding communities and has a very good management track record.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the re-use of an existing building for the development of a multi-family apartment building with a total of forty-five (45) units, at the property known as 391 Hancock Street (06250-0157).
3. The use shall be developed as per the attached plans and elevations, with the addition of condition #4 though #15.
4. All landscaping shall be installed as per the attached plans.
5. The proposed landscaped area to be located in the front of the building shall be irrigated.
6. All landscaped areas shall be maintained.

7. In addition to the special permit approval, a full review by the Department of Public Works, as per the provisions of City Ordinance, Chapter 27, Article VIII, § 27-58 through 27-63, will be required. This approval must be obtained prior to the issuance of a Building Permit.
8. Any and all signage shall be fully permitted through the Building Department, prior to installation.
9. The site shall be maintained free of all litter, trash and overgrown vegetation.
10. The building shall be maintained free of all graffiti.
11. Management information shall be provided to the Springfield Police Department and the Building Department.
12. Any and all variance from the Board of Appeals shall be obtained, prior to the issuance of a Building Permit.
13. The dumpster shall be completely enclosed by a wooden structure.
14. The existing playscape shall be moved to the adjacent Ruth Elizabeth Park.
15. The public sidewalk along Hancock Street shall be maintained, including snow removal.
16. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in denial of the issuance of a Building Permit and/or Occupancy Permit, revocation of any permits issued and/or enforcement by the Code Enforcement Department punishable by fines of up to \$200 per day for each day a violation exists.

2017 - 1729

TO:

DATE: November 14, 2017

DEPARTMENT:

FROM: Anthony I Wilson, Esq.

COPIES TO:

DEPARTMENT: City Clerk

SUBJECT: 391 Hancock St

This is to inform you that at a meeting of the City Council held on Monday, October 23, 2017, it was voted by the City Council according to law to grant a special permit to Owner: City of Springfield By: Stephen Loneragan, City Treasurer and Petitioner: HC Brookings, LLC By: Thomas P Kegelman, Exec Director, to allow the re-use of an existing structure for the development of a multi-family building containing more than twenty six (26) units, at the property known as **391 Hancock Street** as allowed by M.G.L and the Springfield Zoning Ordinance Article 4, Table 4-2 with the following conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the re-use of an existing building for the development of a multi-family apartment building with a total of forty-five (45) units, at the property known as 391 Hancock Street (06250-0157).
3. The use shall be developed as per the attached plans and elevations, with the addition of condition #4 though #15.
4. All landscaping shall be installed as per the attached plans.
5. The proposed landscaped area to be located in the front of the building shall be irrigated.
6. All landscaped areas shall be maintained.
7. In addition to the special permit approval, a full review by the Department of Public Works, as per the provisions of City Ordinance, Article VIII, §27-29, will be required. This approval must be obtained prior to the issuance of a Building Permit.
8. Any and all signage shall be fully permitted through the Building Department, prior to installation.
9. The site shall be maintained free of all litter, trash and overgrown vegetation.
10. The building shall be maintained free of all graffiti.
11. Management information shall be provided to the Springfield Police Department and the Building Department.
12. Any and all variance from the Board of Appeals shall be obtained, prior to the issuance of a Building Permit.
13. The dumpster shall be completely enclosed. The dumpster shall be allowed to be enclosed by a wooden structure.
14. The existing playscape shall be moved to the adjacent Ruth Elizabeth Park.
15. The public sidewalk along Hancock Street shall be maintained, including snow removal.
16. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in denial of the issuance of a Building Permit and/or Occupancy Permit, revocation of any permits issued and/or enforcement by the Code Enforcement Department punishable by fines of up to \$200 per day for each day a violation exists.

REASONS: (1) The specific site is an appropriate location for such a use, structure, or condition. (2) The use as developed will not adversely affect the neighborhood. (3) Adequate and appropriate facilities will be provided for the proper operation of the proposed use. (4.) To incorporate the Planning Staff Analysis into the decision at the basis of the findings.

This permit becomes effective on November 14, 2017

Very truly yours

Anthony I Wilson, Esq.

City Clerk

**32 LESLIE STREET (A.K.A. 33 STAFFORD STREET)(07720-0012)
MOTOR VEHICLE SALES**

General Information

Petitioner:	Richard D. Manning
Request:	Motor vehicle sales
Proposed use of the property:	Motor vehicle sales
Property Size:	58,631 s.f.
Compatibility with current planning documents:	The Liberty Heights Neighborhood Plan shows no changes to this area.
Neighborhood council notification:	Hungry Hill Neighborhood Council: 9-10-19
Tax Status:	SEE ATTACHED
Site Visit:	9-16-19
Hearing Date:	9-25-19

Staff Analysis

Neighborhood characteristics:

The parcel is currently spilt zoned between Business A, Business B and Commercial P. The site is located in an area that has a mix of commercial and residential uses. The surrounding land uses include:

- To the north is an office building zoned Business A.
- To the south are single-family homes zoned Residence B.
- To the east are Armory Street and the I-291 interchange.
- To the west is Edward P. Boland School zoned Residence B and Business A.

Site plan review:

The petitioner has requested a special permit to sell used motor vehicles at the property known as 32 Leslie Street. This site is the current location of the Body Shop, an auto body repair facility.

After review of the plans and visiting the site, the staff does not object to the proposed use. As noted above, this site is currently being used for auto body repairs and has been for several years. The plans submitted by the petitioner shows that they intend to display five (5) vehicles on the property. While the staff does not object to this proposed use, it should be noted that the plan submitted indicated that these display vehicles are proposed to be stored on the large lawn area located in front of the existing building. As per the Zoning Ordinance, Article 7, Section 7.1.55, areas to be used for the parking of vehicles must be paved with

bituminous concrete, or its approved equal. As such, these vehicles cannot be parked on the lawn area. Either the vehicles will need to be stored at a different location on the property, or the area for the display of vehicles must be paved.

Recommendation

Approve, with conditions.

Recommended Conditions

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the operation of motor vehicle sales at the property known as 32 Leslie Street (a.k.a. 33 Stafford Street)(07720-0012).
3. The use shall be developed in accordance with the attached site plan, with the additions of conditions #4 through #10.
4. There shall be no more than five (5) vehicles displayed for sale and/or stored, outside of the building at any one time.
5. The proposed vehicles shall not be parked on the lawn.
6. The site shall be maintained free of all weeds, trash and debris.
7. The building shall be maintained graffiti free.
8. The public sidewalk along Stafford Street shall be maintained, including snow removal.
9. There shall be no banners, streamer or other promotional materials located on the exterior of the building, fencing or property.
10. The landscaped area, outside the existing fencing along Armory Street, shall be maintained.
11. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in denial of the issuance of a Building Permit and/or Occupancy Permit, revocation of any permits issued and/or enforcement by the Code Enforcement Department punishable by fines of up to \$200 per day for each day a violation exists.

Stephen J. Loneragan: Treasurer/Collector

**OFFICE OF PLANNING & ECONOMIC DEVELOPMENT
ANALYSIS FOR A SPECIAL PERMIT**

**1500 MAIN STREET (08130-0132)
WALL SIGN (ABOVE THE FIRST FLOOR)**

General Information

Petitioner:	Mittas Hospitality & DD Development & Rudra Realty, LLC & Sai Raj, LLC
Request:	Erect a wall sign above the first floor.
Proposed use of the property:	Office building
Parcel Size:	Approx. 173,804 s.f.
Compatibility with current planning documents:	The Metro Center Neighborhood Plan shows no changes to this area.
Neighborhood council notification:	Armoury Quadrangle Civic Association: 9-10-19
Tax Status:	SEE ATTACHED
Site Visit:	9-16-19
Hearing Date:	9-25-19

Neighborhood characteristics:

This site is zoned Business C and is located within the City's central business district. The surrounding land uses include:

- To the north are a parking garage and office building zoned Business C.
- To the south are a hotel and office building zoned Business C.
- To the west is Interstate 91.
- To the east is an office building zoned Business C.

Site plan review:

The petitioner has requested a special permit to install a wall sign, above the first floor, at the property known as 1500 Main Street. This site is the current location of Tower Square. The proposed sign would be for the offices of Wellfleet Insurance. The proposed sign would be located on the western side of the building, facing Interstate 91.

After visiting the site and reviewing the submitted plans, the staff does not object to the proposed request. As the Council is aware, there was previous signage at the top of this building for MassMutual, but that signage has been removed.

Again, after reviewing the proposed plans, the staff believes the proposed sign is in context and in scale with the overall architecture of the building. As such, the staff does not believe the sign will have a negative impact on the surrounding businesses or on the overall skyline of the City.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the installation of one (1) accessory wall sign, above the first floor, at the property known as 1500 Main Street (08130-0132).
3. The use shall be developed as per the attached plans and elevations, with the addition of condition #4.
4. All signage shall be fully permitted through the Building Department, prior to installation.
5. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in denial of the issuance of a Building Permit and/or Occupancy Permit, revocation of any permits issued and/or enforcement by the Code Enforcement Department punishable by fines of up to \$200 per day for each day a violation exists.

General Information

Petitioner:	Cecilio Rivera
Request:	To amend an existing special permit, originally granted in January 2011 (used car sales), by allowing a change in the petitioner.
Current use of the property:	Used car sales.
Size:	121,130 s.f.
Compatibility with current planning documents:	The McKnight Neighborhood Plan does not show any changes to this area.
Neighborhood council notification:	McKnight Neighborhood Council: 9-10-19
Tax Status:	SEE ATTACHED SHEET
Site Visit:	9-16-19
Hearing Date:	9-25-19

Staff Analysis

Neighborhood characteristics:

The parcel is zoned Industrial A and Business B. The site is located within an area that has a mixture of residential, commercial and industrial uses. The surround land uses include:

- To the north are the railroad tracks zoned Industrial A.
- To the south are a warehouse and gas station zoned Business B.
- To the east is a manufacturing operation zoned Industrial A and Business B.
- To the west is a vacant lot zoned Industrial A and Business B.

Review:

The petitioner has requested to amend an existing special permit (used car sales), originally granted in January 2011, by allowing a change in the petitioner at the property known as 556 St James Avenue. This is currently the location of a number of automotive related uses.

After reviewing the application and visiting the site, the staff does not object to the proposed request. As was noted above, this site has been used for this use for a number of years. After visiting the site, it was noted that the property is currently being maintained. Further, it should also be noted that petitioner had previously run a

similar use on the corner of Central Street and Hancock Street but is now being required to relocate due to the reconfiguration of Central Street.

If this special permit is approved, the staff would recommend that all conditions placed on the previous special permit remain.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the sale of used vehicles at the property known as 556 St James Avenue (11170-0068) & NS St James Avenue (11170-0065).
3. The use shall be developed in accordance with the plans with the additions of conditions #4 though #9.
4. All conditions placed on the January 2011 special permit shall remain in effect.
5. All landscaped areas, including the public tree belt and sidewalk (including snow removal) shall be maintained by the petitioner.
6. All parking for employees and customers shall be clearly marked.
7. There shall be no storage of junk vehicles or parts located outside the building.
8. The building shall be kept graffiti free.
9. There shall be no banners, streamers, pennants, or additional signs located on the property.
10. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in denial of the issuance of a Building Permit and/or Occupancy Permit, revocation of any permits issued and/or enforcement by the Code Enforcement Department punishable by fines of up to \$200 per day for each day a violation exists.

ANALYSIS

The petitioner has requested to change the zoning of the property known as 1685 Boston Road and a portion of the property known as 1655 Boston Road from Business A to Industrial A. 1685 Boston Road is the site of the former Macy's and is now vacant. The portion of the property to be rezoned at 1655 Boston Road would include the main access way onto the mall property. The petitioner has proposed to re-use this property for an Adult Use

Marijuana Retail, Manufacturing and Cultivation operation. Under the current zoning regulations, Adult Use Marijuana Manufacturing and Cultivation is only allowed in Industrial A with a special permit from the City Council.

As noted above, this site is currently vacant and is part of the larger Eastfield Mall complex. In reviewing the proposed request, the staff has strong concerns about a change to Industrial A at this location. First and foremost, while the staff does believe that this may be a unique way to re-use a former large commercial building, the staff believes the proposed zone change is extremely premature.

As the Board and Council are aware, the City of Springfield just recently completed its review of submissions for the Phase 1 of the Adult Use Marijuana Request for Proposals (RFP). This process was being used by the City to help vet and evaluate proposals for Adult Use Marijuana Establishments. This RFP included all forms of Adult Use Marijuana Establishments, including retail, cultivation and manufacturing. The proposed operator for this Adult Use Marijuana location (Cannaworld/Cannamundo, Inc.) had submitted a proposal for this location as part of the Phase 1 RFP process. The proposal included a retail component use as well as manufacturing and cultivation. As per the recent announcement, this location was not one of the four (4) locations chosen to move forward with the Host Community Agreement (HCA) as part of the Phase 1 RFP process.

As noted above, under the current zoning regulations, manufacturing and cultivation would not be allowed at this location, however, a retail operation would be allowed with a special permit from the City Council. As such, before a zone change to Industrial A should be considered for this large parcel (over 7 acres), the staff would strongly recommend that the petitioner's wait until they see if they are going to be successful with the retail component of this project. While this site was not chosen to move forward in Phase 1, additional phases of the RFP are being planned and the petitioner can re-apply for a retail operation at that time. As noted, in the staff's opinion, it should be only after the retail portion of this business has successfully received all the required permits from both the City and the Cannabis Control Commission (CCC), should a re-zoning to Industrial A even be considered. Further, the staff would also suggest that before a parcel of this size is re-zoned, the petitioner/operator should be looking at other areas of the City and other underutilized buildings already zoned for industrial uses.

Second, it is extremely important to note that unlike a special permit, a zone change cannot be conditionally approved. What this means is that while the Board/Council is reviewing a proposed zone change to allow an Adult Use Marijuana operation, once the zone has been changed to Industrial A, it opens the door to all the other Industrial A uses allowed under this zone. Again, the Board/Council cannot condition the approval to only allow the proposed Adult Use Marijuana operation and nothing else.

While the applicant has stated that the proposed change will not be "...undermining the present use of the Eastfield Mall as a shopping center", the Industrial A zoning classification allows a number of intense uses that,

in the opinion of the staff, would indeed undermine the present use and would be inappropriate for the Boston Road corridor. These uses include junk yards, truck stops, car storage lots, temporary truck storage, recycling centers, trash hauling and a number of high hazard uses. Due to this fact, the Board/Council needs to carefully consider not only the potential benefits outlined by the petitioner for this project but also the potential negative impacts a zone change of this size could have on not only this property but the abutting properties as well.

Lastly, if this zone change is not approved, no other applications for a zone change to Industrial A, at this location, could be submitted for two (2) years.

Overall, the staff believes that the proposed zone change is premature and should not be approved at this time.

RECOMMENDATION

Not to Approve.

REQUEST FOR ZONE CHANGE

APPLICANT: 1685 Boston Road LLC
Eastfield Associates, LLC

PROPERTY: 1685 Boston Road, Springfield (Parcel No.: 016550415)
Portion of 1655 Boston Road, Springfield (Parcel No.: 016550425)

RELIEF SOUGHT: Rezoning of above properties from Business A to Industrial A

1685 Boston Road LLC, owner of 1685 Boston Road, and Eastfield Associates, LLC, owner of 1655 Boston Road, both being related entities (hereafter, collectively referred to as "Petitioner"), respectfully request a zone change for 1685 Boston Road (the "1685 Parcel") and the portion of 1655 Boston Road set forth in the legal description attached hereto (the "1655 Parcel"), from Business A to Industrial A. The 1685 and 1655 Parcels are part of the greater Eastfield Mall complex; however, the proposed zone change is strictly limited to these parcels and will not affect the greater Eastfield Mall complex.

The purpose of this zone change is to permit the redevelopment of the 1685 Parcel as a recreational marijuana retail and cultivation facility and to allow the access drive that serves the 1685 Parcel, which is located on the 1655 Parcel, to serve this proposed use.

In requesting a zone change to Industrial A, Petitioner will not be undermining the present use of the Eastfield Mall as a shopping center or its proposed redevelopment for mixed-use; rather, instead, Petitioner's proposed use will be in keeping with the retail and entertainment oriented purpose of the mall complex and its future mixed-use redevelopment. Notably, the proposed zone change will allow Petitioner to enhance the appeal of the mall as a shopping and entertainment destination at a time when retail opportunities are steadily contracting. The proposed zone change will also allow for the revitalization and beautification of a currently underutilized space which had previously been occupied by an anchor tenant of the Eastfield Mall, and, in so doing, will encourage economic development in the area through the increase of tax revenues and the creation of new job opportunities for Springfield residents.

ANALYSIS

The petitioner has requested to change the zoning of the property known as 19 Grosvenor Street from Residence B to Business A. This site is currently the location of a two-family home. The petitioner intends to demolish the existing structure and use the parcel for parking for an adjacent commercial development.

As noted above, this site is currently the location of a two-family home. This home is proposed to be demolished and a new, 13,325 square foot medical office building constructed, and associated parking, will be constructed. This new development will take place on a number of former city owned parcels located on the corners of

Dwight Street, Carew Street and Grosvenor Street. Plans for the proposed development have been attached. It should be noted that there was also an existing church on this site that had been previously demolished.

With regards to the proposed structure at 19 Grosvenor Street, due to the fact that this structure is over one hundred (100) years old, it falls under the City's Demo Delay Ordinance which establishes a nine (9) month delay on the demolition of the structure, unless a waiver is issued by the Springfield Historic Commission. In this case, the petitioner did apply for and was granted a waiver by the Commission which allows the building to be immediately removed.

After visiting the site and reviewing the submitted plans, the staff does not oppose the request. While this zone change does extend the Business A zoning further onto Grosvenor Street, the adjacent parcel is currently vacant and owned by the church fronting on Carew Street. The property directly across the street is also vacant as well. Further, this parcel is also only being proposed to be used for accessory parking.

Lastly, as per the attached plans, the required seven (7) foot buffer, up against the residentially zoned property, is being installed. This proposed buffer will also include arborvitae shrubs. It should be noted that the plans also show a solid fence, however, this proposed fence is shown to be only four (4) feet in height. As per the Zoning Ordinance, a buffer planting strip is to include plantings and solid fencing, not less than six (6) feet in height. As such, the proposed fencing will need to meet that requirement. It would also be the staff's recommendation that this fencing run along the entire length of the eastern property line.

RECOMMENDATION

Approve.

The diagram is a detailed site plan for a proposed medical office building. The building is a large rectangle labeled 'PROPOSED MEDICAL OFFICE BUILDING' with dimensions 137.54' by 95.48'. It is situated between Carew Street to the north and Grosvenor Street to the south. To the west of the building is a parking area with several stalls and a 'W/F GARAGE'. To the east is another parking area. The plan includes numerous annotations for construction details, such as 'INSTALL NEW CURB', 'INSTALL SILT FENCE', 'CONSTRUCT ANTI-TRACKING PAD', 'INSTALL INLET PROTECTION', 'GRADE THE SITE TO ACCEPT PAVEMENT SECTION MATERIALS', and 'INSTALL UTILITIES AS SHOWN ON PLANS INCLUDING WATER SERVICE, SEWER, GAS, AND ELECTRICAL SERVICE AND STORMWATER MANAGEMENT SYSTEM'. A north arrow is located in the bottom left corner, and a scale bar (1" = 20') is in the bottom right corner. A title block in the top right corner contains project information and a permit number 'C-4'.
