ANALYSIS FOR A ZONE CHANGE

CASINO OVERLAY DISTRICT

GENERAL INFORMATION

Petitioner:	Blue Tarp reDevelopment, LLC
Request:	Proposed zone change for the addition of the Casino Overlay District of the Springfield Zoning Map.
Location:	Properties generally bounded by State Street, Main Street, Union Street and East Columbus Avenue
Parcel Size:	Approximately 14.5 acres.
Purpose:	The Casino Overlay District's purpose is to facilitate the location of licensed casinos and casino complexes within the boundaries established by the City of Springfield for casino gaming activities.

ANALYSIS

The petitioner has requested to amend the existing Springfield Zoning Map by the addition of the Casino Overlay District. The proposed district will be generally bounded by State Street, Main Street, Union Street and East Columbus Avenue. The Casino Overlay District regulations were adopted by the City Council in May 2013.

As noted above, the Casino Overlay District's purpose is to facilitate the location of a licensed casino and casino complex within the boundaries established by the City of Springfield and the State of Massachusetts for casino gaming activities. The Casino Overlay District will focus on urban entertainment and recreational activities that will enhance the area as a desirable location for tourists, conventions, and urban life. The provisions of the district encourage pedestrian and transit-oriented linkages between the casino and casino complex and other activities and venues within the City. The Casino Overlay District regulations are designed to ensure that the casino and casino complex contributes positively to the built environment, that the operation of the casino and casino complex will help to enhance, expand, and stabilize employment and the

local economy while simultaneously ensuring effective public services and a high quality of life for nearby businesses, institutions and residents.

As noted in the Casino Overlay District regulations, the proposed development is subject to the provisions of a Host Community Agreement (HCA) which was approved by the City Council in May 2014. The HCA established a baseline site plan, design elevations, uses, program, signage concept, lighting concept, landscaping and streetscape plan and related information for the development. However, it should be noted that once the Casino Overlay District has been approved, a detailed Site Plan Review will be required. This Site Plan Review will be completed by the City Council as per the standards outlined within the Casino Overlay District regulations.

It is important to note that the Casino Overlay District and its provisions will only apply to the specific properties so designated by the City Council as allowing a casino and related uses with a valid and current gaming license issued by the Commonwealth. Should a property so designated lose its gaming license at any point, the City Council may revoke the overlay designation and revert the property to its underlying zoning.

Overall, the staff believes that the mapping of the Casino Overlay District will provide the City with a much needed tool for the efficient development of this extremely important economic development project.

RECOMMENDATION

Approve.

ANALYSIS FOR A SPECIAL PERMIT**

**SS CLINTON STREET (02900-0050)
DIGITAL NON-ACCESSORY SIGN (BILLBOARD)**

General Information

Petitioner:	Lamar Central Outdoor, LLC.
Request:	To allow a digital billboard.
Proposed use of the property:	Billboard
Parcel Size:	57,159 s.f.
Neighborhood council Notification:	New North Citizens Council: 9-10-14
Tax Status:	SEE ATTACHED
Site Visit:	11-18-14
Urban Renewal Status:	This parcel is not located within an urban renewal plan.
Hearing Date:	11-24-14

Staff Analysis

Neighborhood characteristics:

The parcel is currently zoned Industrial A and is located in an area that has a mix of commercial and industrial uses.

To the north is Interstate 91.

To the south are rail road tracks and an electrical sub-station zoned Industrial A.

To the west is vacant land zoned Industrial A and Connecticut Riverfront.

To the east are rail road tracks and a bus maintenance facility zoned Industrial A.

Site plan review:

The petitioner has requested a special permit to convert an existing, static non-accessory (billboard) sign into a digital non-accessory sign at the property known as SS Clinton Street. As part of the conversion to a digital non-accessory sign, the petitioner has indicated that the sign will be move slightly to the northwest to ensure that it is outside of the five hundred (500) foot radius of another non-accessory sign.

Understanding that this new technology is being implemented around the country, the City of Springfield recently amended the Zoning Ordinance to include a new section which regulates the installation of digital billboards (Article 9, Section 9.9.30).

As noted in the previous analysis for this proposed request, during the drafting of these new digital billboard regulations, the staff reviewed other city policies to see how this issue of digital billboards has been handled in

other communities. After completing this review, the staff found that in many communities, a requirement has been put into place which requires billboard companies to remove a number of existing billboards for each digital billboard installed. An example of this is in Marietta, Georgia. This community has implemented a new ordinance that requires billboard companies to remove four (4) existing billboard panels for every one (1) digital billboard installed.

However, after meeting with representatives of Lamar, it was determined that a number of billboards have already been removed over the last few years. These include smaller billboards as well as the larger highway signs. While the staff will always continue to advocate for the continued removal of billboards throughout Springfield, especially along the I-91 corridor, the staff does believe that credit should be given to Lamar for the number of billboards already removed.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the installation of one (1), two (2) panel, digital, non-accessory sign at the property known as SS Clinton Street (02900-0050).
3. The use shall be developed as per the attached site plan and elevations, with the addition of conditions #4 and #5.
4. The proposed sign shall meet all underlying regulations as outlined in Article 9, Section 9.9.30 of the Springfield Zoning Ordinance and the regulations outlined in the Massachusetts Department of Transportation, 700 CMR 3.00: Control and Restrictions of Billboards, Signs and Other Advertising Devices, as amended.
5. A sign permit shall be obtained through the Springfield Building Department and the Massachusetts Department of Transportation prior to installation.
6. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

To the east is the Republican Newspaper zoned Industrial A.

Site plan review:

The petitioner has requested a special permit to convert an existing, static non-accessory (billboard) sign into a digital non-accessory sign at the property known as 6 Liberty Street. As part of the conversion to a digital non-accessory sign, the petitioner has indicated that the sign will be move slightly to the north to ensure that it is outside of the five hundred (500) foot radius of another non-accessory sign.

Understanding that this new technology is being implemented around the country, the City of Springfield recently amended the Zoning Ordinance to include a new section which regulates the installation of digital billboards (Article 9, Section 9.9.30).

As noted in the previous analysis for this proposed request, during the drafting of these new digital billboard regulations, the staff reviewed other city policies to see how this issue of digital billboards has been handled in

other communities. After completing this review, the staff found that in many communities, a requirement has been put into place which requires billboard companies to remove a number of existing billboards for each digital billboard installed. An example of this is in Marietta, Georgia. This community has implemented a new ordinance that requires billboard companies to remove four (4) existing billboard panels for every one (1) digital billboard installed. However, after meeting with representatives of Lamar, it was determined that a number of billboards have already been removed over the last few years. These include smaller billboards

as well as the larger highway signs. While the staff will always continue to advocate for the continued removal of billboards throughout Springfield, especially along the I-91 corridor, the staff does believe that credit should be given to Lamar for the number of billboards already removed.

Recommendation

Approve, with conditions.

Recommended Conditions:

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the installation of one (1), one (1) panel, digital, non-accessory sign at the property known as 6 Liberty Street (07770-0001).
3. The use shall be developed as per the attached site plan and elevations, with the addition of conditions #4 and #5.
4. The proposed sign shall meet all underlying regulations as outlined in Article 9, Section 9.9.30 of the Springfield Zoning Ordinance and the regulations outlined in the Massachusetts Department of Transportation, 700 CMR 3.00: Control and Restrictions of Billboards, Signs and Other Advertising Devices, as amended.
5. A sign permit shall be obtained through the Springfield Building Department and the Massachusetts Department of Transportation prior to installation.
6. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

ANALYSIS FOR A SPECIAL PERMIT**

**126 MEMORIAL DRIVE (08532-0015)
EXPANSION OF A PRE-EXISTING USE (HIGH HAZARD B – INDUSTRIAL USE)**

General Information

Petitioner:	Astro Logistics, LLC.
Request:	For the expansion of a pre-existing use (High Hazard B – Industrial Use) through the construction of a 24,624 square foot addition.
Proposed use of the property:	Expansion of the Astro Chemical company.
Size:	336,719 s.f.
Compatibility with current planning documents:	The property is zoned Industrial Park and is within the Cottage Street Industrial Park area. The East Springfield Neighborhood Plan does not show any changes to this area.
Neighborhood council notification:	East Springfield Neighborhood Council: 12-22-14
Tax Status:	SEE ATTACHED
Site Visit:	1-8-15
Scheduled Hearing Date:	1-26-15

Staff Analysis

Neighborhood characteristics:

The parcel is currently zoned Industrial Park. The surrounding land uses include:

- To the north is an office building zoned Industrial Park.
- To the south are warehouse uses zoned Industrial Park.
- To the west is a manufacturing operation zoned Industrial Park.
- To the east are a credit union and a union hall zoned Industrial Park.

Site plan review:

The petitioner has requested a special permit for the expansion of a pre-existing use at the property known as 126 Memorial Drive. This is the current location of Astro Chemical. The petitioner has submitted plans for the construction of a 24,624 addition to the rear of the building.

It should be noted that under the new Zoning Ordinance, a "High Hazard" use is now required to obtain a special permit from the City Council. The "High Hazard" use is determined through a Building Department review using the State Building Codes to determine which category the use would fall under. In this case, it was determined that this is a "High Hazard B". The definition for a "High Hazard B" use is as follows:

"...a use which contains materials that readily support combustion or a physical hazard (Use Group H-3), or which contain materials that are a health hazard (Use Group H-4)."

After reviewing the plans and visiting the site, the staff does not object to the proposed request. Astro Chemical has been in operation at this location for several years and is a well-established company. The staff also does not believe the proposed addition will have any negative effect on the surrounding area or on the neighborhood as a whole.

Recommendation

Approve, with conditions.

Recommended Conditions

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for the expansion of the pre-existing use (High Hazard B) at the property known as 126 Memorial Drive.
3. The use shall be developed according to the attached site plans, with the addition of conditions #4.
4. Any and all Building Permits shall be obtained prior to any construction.
5. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

Staff Analysis

Neighborhood characteristics:

The parcel is currently zoned Business A.

To the north are single family houses zoned Residence A.
 To the south are retail stores zoned Business A.
 To the west are a mix of commercial and residential uses zone Business A and Residence A.
 To the east are an automobile repair facility and a gas station zoned Business B and Business A.

Site plan review:

The petitioner has requested to amend an existing special permit for used car sales, granted December 2013, by allowing a change in the petitioner at the property known as 712 Boston Road. A number of special permits for the sale of used cars have been issued at this location.

As was stated above, this site has been issued several special permits over the last several years. In reviewing the proposed request, the staff would strongly recommend, that as with the previous special permit, the

Attachment: Boston_Rd_712_2015 (2957 : 712 Boston Road)

number of cars be limited to no more than forty (40). This number would allow for the needed customer and employee parking.

Again, as was noted in the previous review, the repair of vehicles to be sold is currently allowed as an accessory use. However, at this particular location there are currently no adequate indoor facilities located on this property which could be used for this purpose. Therefore, in order to ensure that repair work will not be done within the parking areas, the staff strongly recommends that the condition prohibiting motor vehicle repairs remain.

Lastly, there were also a number of landscaping requirements which were attached to the previous special permit. These improvements were included at the request of the Pine Point Neighborhood Council. If this special permit is approved, the staff would strongly recommend that these conditions remain as part of the approval.

Recommendation

Approve, with conditions.

Recommended Conditions

1. This special permit is granted to this petitioner only.
2. This special permit is granted solely for a used car dealership at the property known as 712 Boston Road (01655-0121).
3. The use shall be developed according to the attached site plans and elevations with the addition of conditions #4 through #16.
4. There shall be no more than forty (40) vehicles at this location at any one time.
5. There shall be landscaping on the premises to include hanging flowering plants from both buildings and continued maintenance of the landscaped area around the main building and window boxes on the first floor from May 1st until October 31st.
6. All parking, including display, employee and customer spaces shall be clearly marked and striped.
7. A detailed sign plan shall be submitted to the Office of Planning & Economic Development for review and approval prior to the issuance of any sign permits.
8. There shall be no motor vehicle repairs at this location.
9. The existing fencing shall be maintained.
10. The petitioner shall remove the vinyl strips located on the chain link fence only on the right side of the property.
11. This special permit shall be reviewed in six (6) months.
12. There shall be no car haulers located on Baltimore Street, Harvey Street or Boston Road.
13. There shall be no banners, streamers, pennants, or additional signs located on the property.

14. There shall be no non-accessory signs located on the property.
15. There shall be no storage of inoperable or junk vehicles or parts located on the property.
16. There shall be no elevated displays of vehicles.
17. Compliance with these conditions, as well as any and all zoning regulations, is required. Failure to comply may result in enforcement by the Code Enforcement Department punishable by fine of up to \$50 per day for each day a violation exists.

ANALYSIS

The petitioner has requested to change the zoning of two (2) properties known as NS William Street from Residence C to Business A. These parcels are currently vacant and will be used in conjunction with the petitioner's adjacent business known as Frigo's.

As noted above, the proposed parcels to be re-zoned are vacant and currently being used for off-street parking. The petitioner has submitted plans indicating that a new structure will be constructed which will be utilized for both garage space and residential units on the upper floors. In reviewing the schematic plans, the staff was pleased to see that the proposed structure will be located up to the street line. As per the new Zoning Ordinance, the location of a new building is dependent on the "predominant character" of the street.

In this case, the predominant character of William Street is buildings up to the street line and parking located to the side or rear. When the petitioner is ready to proceed with this new development, a full set of plans will need to be submitted to review.

It should be noted that the plans submitted do not show a buffer along the rear or side of the property. As per the Zoning Ordinance, a seven (7) foot buffer is required along each side of the property which abuts a residentially zoned district.

While the staff always continues to have concerns about the encroachment of business zoning into residential areas, the staff does believe that this rezoning will not have an adverse impact on the surrounding neighborhood and also provides the opportunity for expansion for this well established neighborhood business. The staff also believes that the proposed “mixed” use building also maintains the residential feel of William Street.

ANALYSIS

The petitioner has requested to change the zoning of the property known as 425 Central Street from Residence B to Residence C. The site is currently vacant and was the former location of an apartment building. The petitioner intends to construct two (2), two-family dwellings on the property.

As noted above, the site is currently vacant and was the former location of an eight (8) unit apartment building. This building was severely damaged as a result of the 2011 tornado and was demolished. The petitioner now intends to construct two (2), two-family homes on the site. As per the Zoning Ordinance, in order to have multiple dwelling on one parcel, a change to Residence C is required.

As the Board is aware, Central Street has been undergoing a number of renovations. This includes a number

of new homes that have been constructed on the northern side of Central Street. Further streetscape improvements to Central Street are also being implemented.

After a review of the proposed plans, the staff does not object to the proposed change. As noted above, the site directly abuts a parcel which is currently zoned Residence C. Further, the staff strongly believes that the structures being proposed are architecturally appropriate for this neighborhood and will complement the new construction already being completed on Central Street. Lastly, it should be noted that with this new construction, the density will be half of what it previously had been on this parcel.

Subject: LTC Cohort Team Leaders PLEASE READ: January 2015 Innovation Space travel information and funding
Importance: High

Dear Libraries Transforming Communities Team Leaders:

During the past couple weeks since the Virtual Innovation Space we have fielded a number of queries regarding the availability of and process for securing hotel rooms for those of you who plan to attend the in-person LTC Innovation Space on Friday, January 30 in Chicago, but do not plan to attend the 2015 ALA Midwinter Meeting. We realize that the process is a bit complicated and hope that you will let us know if we can provide additional help or guidance as you complete your travel arrangements. Also, please note that the exact location (venue, room number) of the Innovation Space will not be confirmed by ALA's Conference Services Department until the week of **December 8**.

Related, we have been looking at our project budget for ways to help with lodging costs related to team member attendance at in-person LTC Innovation Space. Although it is part of the original LTC library grant agreement, we have identified project funds to allocate so that each cohort representative attending the January Innovation Space will receive a travel stipend of \$475 to alleviate some of the travel cost burden. We plan to issue travel stipend checks to

each library by the first week of December and ask you to reply to Brian (brussell@ala.org) with the following information in order to expedite that process:

- Names of the cohort team members attending?
- Date, approximate arrival time
- The library name or library foundation that the stipend check should be made out to, the address to which it should be sent (and who care of).

Under the terms of the grant agreement a minimum of two team members must attend the in-person Innovation Space meeting. We will extend travel stipends to alleviate costs associated with any and all team members planning to attend the meeting, including and in addition to the two minimum team members.

Above, we have asked for arrival info because we are hoping to get everyone together for a dinner on on **Thursday, January 29**, and would like to get a sense of when most are arriving in Chicago so that the greatest number of people may attend.

We are also looking for similar funds in the budget to support cohort travel to the second in-person Innovation Space scheduled to take place on Friday, June 26 in San Francisco. We will be able to provide you details on the level of additional funding no later than December 15, 2015. We want encourage the widest participation possible in these in-person Innovation Spaces.

Thank you for your patience as we make strategic adjustments to our project plan – please let us know if you have any questions.

My best,

Mary

Union Station Redevelopment \$3,200,000 (Mayor Sarno)

ORDERED: that the sum of three million two hundred thousand (\$3,200,000) is hereby appropriated for the purpose of aiding the Springfield Redevelopment Authority in the implementation of the Union Station Redevelopment Project, including acquisition, demolition, hazardous materials remediation, remodeling, reconstructing, making repairs at the Union Station project site, construction of a garage, and also including the payment of any and all other costs incidental or related thereto, and that to meet this appropriation, the City Treasurer, with the approval of the Mayor, is authorized to borrow said amount under and pursuant to Chapter 121B, Section 20 of the General Laws, or pursuant to any other enabling authority, and to issue bonds or notes of the City therefore; that the Mayor is authorized to contract for and expend any federal or state aid available for the project, provided that the amount of the authorized borrowing shall be reduced by the amount of such aid received prior to the issuance of bonds or notes under this order; and that the Mayor is authorized to take any other action necessary or convenient to carry out this project.

WHEREAS, after reviewing this order, the Chief Administrative and Financial Officer has certified to the Mayor and City Council, that in his professional opinion, after an evaluation of all pertinent financial information reasonably available, the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in the transfer, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Re: Order for Council Meeting – 2/2/2015
Cc: Mayor Sarno

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the February 2, 2015 Council meeting, which authorizes the City to file an application with the State to qualify bonds for the purpose of aiding the Springfield Redevelopment Authority in the implementation of the Court Square Urban Renewal project. The funding will help support the construction of a parking garage.

Background: This order was previously approved at the December 15, 2014 Council meeting, but due to a delay in advertising the bond order, bond counsel advised us to schedule a revote.

The total project costs are approximately \$82 million dollars. Several Federal and State grants and bond earmarks totaling approximately \$72.5 million have either been obligated or received to date. The remaining dollars will be funded through future discretionary grants. In December 2012, the City Council authorized \$2.2 million as a local contribution to leverage State funding of \$4 million. The additional \$3.2 million will be used to supplement funding for the full-build of a six level parking garage.

CAFO Certification: This memorandum will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in this City Council Order, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

This certification is made in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Re: Order for Council Meeting – 2/2/2015
Cc: Mayor Sarno

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the February 2, 2015 Council meeting to transfer up to \$530,099 of unexpended bond proceeds from the February 2007 bond issue for various projects including Forest Park Middle School costs that are not refundable by MSBA, as well as costs associated with Pine Point Library and ESCO.

Background: The Finance Control Board approved bond orders issued on December 18, 2006 and February 7, 2007 for various capital projects. Unexpended bond proceeds are the result of project scope changes, and projects being completed under budget.

Part of the City's ongoing debt strategy is to reduce the debt schedule as much as possible, allowing more capital projects to be financed in future years. Part of this strategy includes refunding bond issues when possible. In order to refund the above mentioned bond issues, unexpended proceeds must be paid down. We will transfer unexpended bond proceeds strategically, reducing the City cost on the projects listed below.

Re: Order for Council Meeting – 2/2/2015
Cc: Mayor Sarno

Purpose: The purpose of this memo is to provide an explanation of the order sponsored by the Mayor for the February 2, 2015 Council meeting, which authorizes the Comptroller's Department to transfer funds from the Reserve for Contingencies line item, in order to expend funds for emergency water damage repairs at 15 Catharine Street.

Background: On December 12, 2014, serious water damage occurred when a hired technician broke a sprinkler head while pulling wire in an office at 15 Catharine Street, a City-owned property. Significant flooding occurred in the basement of the property, and the vendor took full responsibility for the accident. Liberty Mutual Insurance, the vendor's insurance company, released an actual cash value for damages of \$53,139.14 by check.

The payment must be accepted as general fund revenue, rather than as a refund to the Facilities Department. This transfer will provide the Facilities Department with the funds equaling the sum, which are necessary to complete the repairs.

CAFO Certification: This memorandum will confirm that in my professional opinion, as the Chief Administrative and Financial Officer, after an evaluation of all pertinent financial information reasonably available, that the City's financial resources and revenues are and will continue to be adequate to support the proposed expenditures and obligations involved in this City Council Order, without a detrimental impact on the continuous provision of the existing level of municipal services, in accordance with Section 2(f) of Chapter 656 of the Acts of 1989, as added by Section 1 of Chapter 468 of the Acts of 2008.

Attn: Lou Grondalski

Dear Mr. Grondalski,

This letter is in regards to the sprinkler damage that occurred on December 12, 2014 at the property located at 15 Catharine St. Springfield, Ma. On this date the City was notified that a Valley Communications technician broke a sprinkler head while pulling wire in an office of the administrative wing. This break caused substantial flooding to the offices and hallways located in this wing. As a result, the facility incurred damages to flooring, drywall, insulation, and office furniture. The City of Springfield Department of Parks Buildings and Recreation Management has compiled and submitted as an attachment to this document, estimates to repair the damages and return the space to its condition prior to the sprinkler break. It is the intent of the School Department to open this facility by mid-January. The City of Springfield is anticipating an expedited response from Valley Communication to ensure work can be scheduled for early January. We look forward to your cooperation in this matter.

 3. a trolley system or a tether attached to a pulley in a cable run, if the following conditions are met:
 - a. only one dog shall be tethered to each cable run;
 - b. the tether shall be attached to a properly fitting collar or harness worn by the dog, with enough room to fit two adult fingers between the collar and the dog's throat through; provided, however, that a choke collar or pinch collar shall not be used to tether a dog to a cable run;
 - c. there shall be a swivel on at least one end of the tether to minimize tangling of the tether;
 - d. the tether and cable run must each be at least ten feet in length. The cable must be mounted at least four feet but not more than seven feet above ground level; and
 - e. the length of the tether from the cable run to the dog's collar or harness shall allow continuous access to clean water and appropriate shelter at all times as described in section 110-8(C); and
 - f. the tether system shall be of appropriate configuration to confine the dog to the Owner's property, to prevent the trolley system or tether from extending over an object to an edge that could result in injury to or strangulation of the dog and to prevent the trolley system or tether from becoming tangled with other objects or animals.
- C. A person owning or keeping a dog confined outside in accordance with this Ordinance shall provide the dog with access to clean water and appropriate dog shelter. The dog shelter shall allow the dog to remain dry and protected from the elements and shall be fully enclosed on at least three sides, roofed and have a solid floor and be sufficiently insulated and ventilated to protect the dog from exposure to extreme temperatures. The entrance to the shelter shall be flexible to allow the dog's entry and exit, and sturdy enough to block entry of weather elements. The shelter shall contain clean bedding and shall be small enough to retain the dog's body heat and large enough to allow the dog to stand, lie down and turn comfortably. The enclosure shall be structurally sound and in good repair. Suitable drainage shall be provided so that water, ice or waste is not standing in or around the shelter.
- D. No person owning or keeping a dog shall subject the dog to cruel conditions at any time. For the purposes of this subsection, "cruel conditions" shall include, but not be limited to, the following:
1. filthy and dirty confinement conditions including, but not limited to, exposure to excessive animal waste, garbage, dirty water, noxious odors, dangerous objects that could injure or kill a dog upon contact or other circumstances that could cause harm to a dog's physical or emotional health;
 2. extreme weather, including but not limited to times when a heat or cold advisory is in effect and times when an extreme weather advisory has been issued for the area; and
 3. taunting, prodding, hitting, harassing, threatening or otherwise harming a tethered or confined dog.

- E. Every Owner shall provide his Animals with good and wholesome food and water, proper shelter and protection from the weather, veterinary care when needed to prevent suffering, and provide humane care and treatment.
- F. No person shall beat, cruelly treat, torment, overload, overwork, or otherwise abuse an Animal, or cause, instigate or permit any dog fight, cock fight, or bullfight, or any other combat between Animals or between Animals and humans.
- G. Where, in the opinion of an Animal Control Officer, any treatment of a dog in violation of this Ordinance places the dog at imminent risk, the Animal Control Officer may immediately remove and impound the dog for its own protection.
- H. A person who violates this section shall, for a first offense, be issued a written warning or punished by a fine of not more than \$50, for a second offense, be punished by a fine of not more than \$100 and for a third or subsequent offense, be punished by a fine of not more than \$300, and be subject to impoundment of the dog in a local shelter at the Owner's expense pending compliance with this section, or loss of ownership of the dog.

§ 110-9. Chief Animal Control Officer; Advisory and Hearing Committee.

- A. Chief Animal Control Officer. The City, through the Mayor or his/her designee, shall appoint a Chief Animal Control Officer, whose primary responsibilities shall include the enforcement and implementation of this Ordinance or any rules and regulations promulgated thereunder. The Chief Animal Control Officer shall be responsible for coordinating and administering the City's Animal control activities in accordance with any goals, policies, and procedures established by the Springfield City Council or Department of Health and Human Services, and shall be under the direction and supervision of the Mayor.
- B. Advisory and Hearing Committee. The Advisory and Hearing Committee shall have the power to:
 - 1. Meet monthly or at such times as the Chairperson or a majority of the Committee deems necessary;
 - 2. Study, review and issue written reports on issues dealing with dogs or other Animals in the City;
 - 3. Make recommendations to the Mayor and the City Council for the improvement of Ordinances of the City as they relate to dogs and other Animals in the City;
 - 4. Impose fines for violations of this Ordinance and set the amount of fines where not specifically provided by this Ordinance, provided however, that no fine imposed under this Ordinance shall exceed \$300 per violation;
 - 5. Hold hearings to determine whether a dog is a Dangerous Dog or a Nuisance Dog, and to review orders to destroy; and
 - 6. Make rules and regulations, not inconsistent with this Ordinance and state and federal law, for the efficient and orderly conduct of their business and the control and care of Animals in the City.

§ 110-10. Dangerous Dogs and Nuisance Dogs

- A. Any person may file a complaint in writing to the Advisory and Hearing Committee that a dog owned or kept in the City is a Nuisance Dog or a Dangerous Dog. To consider declaring a dog a Nuisance Dog or a Dangerous Dog, an Animal Control Officer of the City may initiate a special

hearing before the Advisory and Hearing Committee to consider any evidence collected and take charge of and impound the Animal. The Animal Control Center shall notify the Owner of the dog by certified letter, or Sheriff's Department hand delivery of such special hearing, and the Owner may attend and have an opportunity to be heard. Special hearings under this Section shall be public meetings under the laws of the Commonwealth of Massachusetts. At this special hearing, the Advisory and Hearing Committee will determine whether to declare such dog a Nuisance Dog or a Dangerous Dog, based on the facts presented and the definition of the terms "Dangerous Dog" and "Nuisance Dog" in Section 110-1. If the dog is declared a Nuisance Dog or Dangerous Dog, the City Clerk shall notify the abutter(s) next door and across the street by regular mail and in the classified section of the local newspaper (i.e., Animals: dogs and cats section) of such finding at the Owner's sole expense. No dog shall be declared a Dangerous Dog:

1. Solely based upon growling or barking;
2. Based upon the breed of the dog; or
3. If the dog was reacting to another Animal or to a person and the dog's reaction was not grossly disproportionate to any of the following circumstances:
 - a. The dog was protecting or defending itself, its offspring, another Domestic Animal or a person from assault or attack;
 - b. The person who was attacked or threatened by the dog was committing a crime upon the person or property of the Owner of the dog;
 - c. The person who was attacked or threatened by the dog was engaged in teasing, tormenting, battering, assaulting, injuring or otherwise provoking the dog; or
 - d. At the time of the attack or threat, the person or Animal that was attacked or threatened by the dog had breached an enclosure or structure in which the dog was kept apart from the public and such person or Animal was not authorized by the Owner of the premises to be within such enclosure including but not limited to a gated, fenced-in area if the gate was closed, whether locked or unlocked; provided however that if a person is under the age of seven, it shall be a rebuttable presumption that such person was not committing a crime, provoking the dog or trespassing.

B. Dogs declared to be Nuisance Dogs or Dangerous Dogs.

1. If the Advisory and Hearing Committee deems a dog to be a Nuisance Dog or a Dangerous Dog, the Committee may order one or more of the following:
 - a. that the dog be humanely restrained;
 - b. that the dog be confined to the premises of the Owner of the dog; provided, however, that "confined" shall mean securely confined indoors or confined outdoors in a securely enclosed and locked pen or dog run area upon the premises of the Owner; provided however, that such confinement shall comply with Section 110-8 of this Ordinance.
 - c. that, whenever the dog is removed from the premises of the Owner, the dog shall be securely and humanely muzzled and restrained with a chain or other tethering device having a minimum tensile strength of three hundred pounds and not exceeding three feet in length;
 - d. that the animal shall be surgically sterilized and microchipped with the microchip registered to the City, with all costs associated with these services to be borne by the Owner;

- e. that the Owner construct, within two weeks from the date of decision, a Secure Enclosure to house the dog when it is in the Owner's yard. The Advisory and Hearing Committee may order that, during the construction period, the dog be publicly impounded at an animal shelter or a private veterinary hospital until the Secure Enclosure is constructed. If the Owner chooses not to build a Secure Enclosure in accordance with the Committee's order or if said dog is found on a property not owned or controlled by its Owner or not restrained in the Secure Enclosure, an order that the dog be euthanized may be issued by the Advisory and Hearing Committee. The effectiveness of the Secure Enclosure shall be subject to periodic inspections by an Animal Control Officer, as deemed necessary. The fee for said inspection shall be \$75. If the Owner is found violating the Secure Enclosure requirements, immediate public impoundment of the dog shall be done by the Animal Control Center during the time the violation continues to exist, and the Owner shall bear all cost(s) for such public impoundment. The fine for such violation shall be \$200 per day;
 - f. that ownership of the dog may not be transferred unless the transfer of ownership is to an adult residing within the same residence and said dog shall remain housed solely at that residence;
 - g. that, if the Owner of the dog fails to appear at a hearing in front of the Advisory and Hearing Committee and the dog is declared a Dangerous Dog, the dog shall be impounded and/or euthanized; and/or
 - h. that the dog be humanely euthanized, immediately, or summarily upon the Owner's failure to comply with conditions imposed by the Advisory and Hearing Committee.
- C. With regard to Dangerous Dogs and Nuisance Dogs, if there are no additional instances of the dangerous or nuisance behavior within a thirty-six-month period from the date of designation, the dog shall be removed from the list of Dangerous Dogs and/or Nuisance Dogs. The dog may, but is not required to be, removed from the list of Dangerous Dogs and/or Nuisance Dogs prior to the expiration of the thirty-six-month period if the Owner of the dog demonstrates to the Committee at a special hearing that changes in circumstances or measures taken by the Owner, such as training, have mitigated the risk to the public safety.
- D. Any and all costs for the impounding a Dangerous Dog will be borne by the Owner unless determined otherwise by the Advisory and Hearing Committee or court of final appeal. An Owner reclaiming a Dangerous Dog shall pay an administrative fee of \$40, plus the following costs, where applicable:
- 1. A boarding fee of \$22 per dog, per day;
 - 2. All outstanding fines, except for any fine for which a timely appeal is pending;

The Mayor, City Clerk or Police Commissioner may appoint designees as the authority to fulfill such responsibilities of the City under this Ordinance. Unless otherwise provided in this Ordinance, the fine shall be \$50 for each violation or for each day during which the violation is committed, continued, or permitted. Where this Ordinance provides for a maximum fine, the Advisory and Hearing Committee shall set the amount of the fine after considering the circumstances of the violation.
- B. If any person is found guilty by a court of violating any part of this Ordinance, his permit to own, keep, harbor, or have custody of Animals may be revoked.
