1. That the FY16 of \$594,911,803 is balanced without the use of reserves and with on city layoffs;
2. The City has \$40 million in reserves and Moody has upgraded the City's Bond rating to highest in City recent history;
3. The City budget will allow the City to conduct academies for police vacancies and firefighter vacancies;
4. The budget continues all core services programs and money for construction of roads and sidewalks, maintenance of parks and terraces, along with pools, splash facilities and parks being kept open.

5. All labor contracts haven been approved, maintained Library hours at 30 hours per week, increased building and housing code hours with "flex squads" for after work and Saturday hours; and reduced costs by \$7 million.

TJ Plante, CAFO spoke explaining how the City got to balance budget by stating that the City started with \$18 million deficit and got \$3 million for MGM; \$2.5 million by reducing debt service; \$7 million in reduced costs; \$2.8 million in new building permits; \$1.5 million increase in State aid; \$150 thousand in increased revenue and \$1 million for overlay account.

President Fenton closed the public comment portion of the hearing at 6:10 pm.

III. Orders

1. Order (ID # 3054)

FY16 Budget - General Fund

COMMENTS - Current Meeting:

FY16 General Fund Budget Order Read and Councilor Allen asked if there any risk of using money from MGM and building permits or so-called one-time money and Mayor Sarno said no but asked City Solicitor Edward Pikula to explain and Solicitor Pikula said that the payment owed by MGM is not tied to construction of the building and Mr. Plante said the budget is not based solely on MGM's money and building permits.

Councilor Concepcion said that this is a good budget and made a motion to approve the FY16 Budget as presented and was seconded by Councilor Shea and said motion failed by majority voice vote.

Councilor Williams asked about \$27 million in busing costs and how come we are not using Reserves what the plain to get more money from the State and Mayor Sarno and Mr. Plante said that the City is having meeting with key State Representatives and State Senators and a new Committee on Chapter 70 funding to work on a new strategy for the State to provide payments for busing and we used the Reserves when needed and we do not need them this year.

Councilor Ramos said he was concerned about the City relying on private funds to fund after school programs and Mayor Sarno and Patrick Sullivan, Director of Parks, Building and Recreation Management said the City will be using state and federal money to fund after school programs and Mayor said that they are looking into President Obama's "My Brother Keeper" program as a source of funding.

Councilor Ashe said that the budget is well thought-out and has funding for Police Officers and Firefighters and asked how many Officers and Firefighters would be hired and John

Barbieri, Commissioner Police Department said that the City has its own academy and expected to replace Officers as they retire either through an academy or through cadets classes and Joseph Conant, Fire Commissioner said he hopes to get back to at least 4 Firefighters on a truck with the academy class of 28.

Councilor Hurst commended the Mayor and department heads on the budget and said the City needs to keep working on improving sidewalks, terraces, and youth development and that why in the regular agenda he is proposing that the City adopt the "My Brother Keeper" program to assist in youth activities so that youths are off the street and doing productive activities.

Councilor Shea commended the Mayor and department heads on the budget because it keeps core services and he does not believe any Councilors will be offering cuts.

Councilor Allen said he had 3 concerns about costs of health insurance; pension/retirement and debt services and asked the Mayor or Mr. Plante to explain where we are on those costs and the Mayor and Mr. Plante said that on health insurance the cost is still going up but at a small increase under GIC (2% to 4%) vs the old rate of 12% to 15% per year. Debt services is down because of the better credit rating and less debt but pension/retirement payments are up due to the City being last in the State (27% funded) as a result of market crash in 2008 when the City was (50% funded) but the City has increased in funding from 4% to 6% per year or about \$1.8 million. Council President Fenton said he had asked Mr. Plante to put together a presentation for the full Council to get an understanding how the health insurance, retirement/pension and debt services are affecting the City's bottom line.

Councilor Twiggs commended the Mayor on the budget and thanks all the department for their attendance and made a "motion to move the question" which cut off debate and as seconded by Councilor Rooke and said motion passed by an unanimous voice vote and the FY16 General Fund Budget passed by the following roll call vote.
