Comprehensive/ Neighborhood Plan:	N/A
Planning Board Hearing:	12-16-15

SPECIAL INFORMATION

Traffic & Parking:	n/a
Physical Characteristics:	n/a
Other Notes:	n/a

ANALYSIS

The petitioner has requested to amend the existing Springfield Zoning Map by the addition of the Casino Overlay District. The proposed district will be generally bounded by State Street, Main Street, Union Street and East Columbus Avenue. The Casino Overlay District regulations were adopted by the City Council in May 2013.

As noted above, the Casino Overlay District's purpose is to facilitate the location of a licensed casino and casino complex within the boundaries established by the City of Springfield and the State of Massachusetts for casino gaming activities. The Casino Overlay District will focus on urban entertainment and recreational activities that will enhance the area as a desirable location for tourists, conventions, and urban life. The provisions of the district encourage pedestrian and transit-oriented linkages between the casino and casino complex and other activities and venues within the City. The Casino Overlay District regulations are designed to ensure that the casino and casino complex contributes positively to the built environment, that the operation of the casino and casino complex will help to enhance, expand, and stabilize employment and the

local economy while simultaneously ensuring effective public services and a high quality of life for nearby businesses, institutions and residents.

As noted in the Casino Overlay District regulations, the proposed development is subject to the provisions of a Host Community Agreement (HCA) which was approved by the City Council in May 2014. The HCA established a baseline site plan, design elevations, uses, program, signage concept, lighting concept, landscaping and streetscape plan and related information for the development. However, it should be noted that once the Casino Overlay District has been approved, a detailed Site Plan Review will be required. This Site Plan Review will be completed by the City Council as per the standards outlined within the Casino Overlay District regulations.

It is important to note that the Casino Overlay District and its provisions will only apply to the specific properties so designated by the City Council as allowing a casino and related uses with a valid and current gaming license issued by the Commonwealth. Should a property so designated lose its gaming license at any point, the City Council may revoke the overlay designation and revert the property to its underlying zoning.

Overall, the staff believes that the mapping of the Casino Overlay District will provide the City with a much needed tool for the efficient development of this extremely important economic development project.

RECOMMENDATION

Approve.
