Dear Hannah Orenstein:

On October 17, 2020 my family experienced a horrific ordeal. We let our 16-year-old dog outside, our home is a one family house with a fenced in yard. My mother hearing a lot of barking went to the door to see what was going on and there were what appeared to be two huge pit bulls in our yard. At this time, we were unsure how they had gained entry but both dogs had a part of our small terrier mix in their mouth. All my mother could do was scream as they gnawed and pulled at our dog. When she started screaming two boys opened the gate to our yard and came in after what seemed like for ever they attached the leash to the dogs and escorted them out of the yard and stood in the middle of the street in front of my house. My nephew hearing his grandmother screaming came running upstairs from the basement, seeing the young boys standing in the street with their dogs and our terrier lying motionless on the ground he yelled to them to get away from our house.

This incident occurred at three o'clock in the afternoon, my mother cried hysterically for the next seven hours before dosing off to sleep waking up occasionally to continue crying. Every time we went to let the other dogs outside, she would start screaming don't let them out don't let them out. We have had a dog for as long as I can remember and we know that nothing last forever, like humans they get old and die. But to witness such a brutal death was so traumatizing to my mother every time she closes her eyes; she relives that ordeal.

As dog lovers we understand that bad and malicious dogs are breed and raised not born. We have never had one of our dog's attacked or harm another individual. Just like children we take our dogs to the vet for yearly exams and immunizations, we buy them shirts to keep them warm in the New England weather, they go the groomers to get their hair cut and their nails trimmed. They are family and we treat them as such. I would never condone my children to go out and start fights for no reason and I would hope one would feel the same about their dog.

Due to the fact that these dogs made every effort possible to enter my yard and attack and kill my small dog for no other reason then to cause him harm, I believe these are malicious animals and

should not be allowed to hurt another living animal or God forbid a human being. I would like to request a hearing so that I can share the evidence I have gathered to prove that these animals need to be put to sleep. I appreciate your reading this letter and look forward to hearing from you in regards to a hearing.

Sincerely,

Erica Howard

To whom it may concern

I michelle Roman
I'm requesting for my dog Taz
Roman to be removed from the
dangerous list. In the past ~~two~~
years he has not gone into any
trouble. I have moved to a new
place there's no kids around only
kids around are my kids. The new
place where I have moved to
has a fence in yard.

So I please ask for taz
to be removed from the dangerous
list due to that there has not been
no complaints about him for the past
two years after his last incident.
Thank you

Sincerely

michelle Roman

I, Officer Sanborn, received a call from a concerned citizen, identified as Eric Washington. He reported that on at least 3 occasions he has been allegedly charged at by the dog that resides at #40 Norfolk St. I inquired if he has ever been bitten and he reported "no." Upon arrival the storm door was closed, but a large blue and white pitbull type was sitting behind it, barking aggressively. A female voice kept telling him to "knock it off." I called out several times for the female to acknowledge me, but she never responded. I am certain she could not hear me calling over the dog's barking. I was concerned if I went in to the fenced yard the dog might push open the storm door and could potentially outrun me. I left a notice on the fence. I checked Tracker and there is no dog registered to this address. If the notice does not get responded to I will visit again and try to make contact with owner of this pitbull type....Sanborn

Memo:

11/3/20-I called Mr. Washington back and again discussed requesting a DDH. He repeatedly asked for our address and said he was going to do that, but the conversation was unusual and delayed with lots of extended periods of silence. Pam

Concerned caller Eric Washington reporting he was nearly attacked by the dog residing on this property. I asked if he was attacked and he reported "no." He advised he was able to get in to a SUV quickly. Upon arrival I found a fenced yard, but the gate was not secured. There were multiple areas of the fence damaged with holes large enough for a dog to make an attempt to get through. I made contact with the owner of the dog. She reported her dog never left the yard. She admitted the dog runs to the fence because everytime this individual comes by he is carrying a brightly colored umbrella that cause an extreme reaction from her dog. She further reported the dog has had no reaction to any one else who walks by. I advised to fix the fence to avoid the possibility of the dog escaping and causing injury to this individual carrying the umbrella. She stated she would. I checked Tracker and do not see a dog registered to this address or to this individual. I will issue a citation for Unlicensed and Unvaccinated...JSanborn

Memo:

10/30/20-Rec'd voice msg from Eric Washington asking if he could sue the city because of a dog residing at 40 Norfolk. In a return call, he said he has not had any further interactions/incidents with the dog but avoids the area usually. I asked what prompted his call and he said he wondered if he could sue the city for letting the dog live there. I encouraged him to request a dog hearing asap through TJO or City Clerk and that we would follow up to verify the dog does live there and check on secure fencing etc. (In one of our notes it says dog resides in Holyoke, but another note says resides there.) Pam

10/30/20: Left message for Lelia Jiggets-trying to verify if Steele lives in Holyoke or Springfield. On 1 visit, Jiggets advised the dog lives on Holyoke but visits Springfield. I will leave a Notice if I don't hear back from her....JS

On 10/31/20 I visited 40 Norfolk St in an attempt to make contact with Lelia Jiggets. My visit was to determine if Steele lived there or not. I also placed a call to her before arriving and left a message for her to reach out. Upon arrival, Steele was not outside. I knocked and did not hear a dog barking. A notice was left.

In addition I took photos of the fence and made note of several areas of damage along the bottom. It looks as though a dog could have possibly grabbed it with teeth and pulled on it. There is obvious concern that a dog with enough power could push their way out of the yard and escape. The bottom of the fence, along the front of the yard, has several weakened spots. I will see if Jiggets responds to notice. If not I will cite for Unlicensed and Unvaccinated which might prompt her to respond.....JS

11/2/20-Washington stopped by TJO and wanted to know where the dog is. I advised we were unsure if it is currently in Springfield or Holyoke. He asked to speak with Pam; I advised she was not here currently but could call us to discuss further-hlo

11/2/20--rec'd msg from Eric Washington that was unintelligible. He seemed to be asking when the hearing for 40 Norfolk was and he thought it was this month.--Pam
