City Hall -- Room 200

I. Discussion of REO Ordinance Amendments.

Councilor Melvin Edwards to order. Attorney Thomas Moore stated that someone needs to enforce this new ordinance. He had a meeting with the Mayor and the REO ordinance was well received by him. Funding will be needed to conduct a study as to how to make the ordinance work. The city will need some funding for the tradesman in order to conduct the study. Presently there are two major projects happening within the City. The building of the South End Community Center and the Senior Center. The REO ordinance would prioritize the hiring of Springfield residents, women, veterans and minorities.

Some department heads were unable to attend the meeting, therefore another meeting will be scheduled in order to attain more information. The next meeting will be scheduled jointly with the General Government Committee and REO.

Meeting adjourned.
